Description

A dozen different souls—all moving in different directions, all longing for something more. As their lives unexpectedly intersect, they each are about to discover there is power in the Cross of Christ—even if they don't believe it. Yet.

When a local pastor is shaken to the core by the visible faith of an old street-corner preacher, he is reminded that true belief always requires action. His response ignites a faith-fuelled journey that powerfully impacts everyone it touches in ways that only God could orchestrate.

This is a stirring new film from the creators of God's Not Dead & God's Not Dead 2. More than a movie, it's a question we all must answer in our lifetimes: DO YOU BELIEVE?

Singer-song writer Steve Bell has been on the road for over twenty-five years pouring his heart and soul into his music. After thousands of concerts around the world and seventeen albums, he's still touring from church to church playing wherever he can.

Despite a faithful fan-base, including many powerful supporters, the man once considered "Canada's best kept musical secret" and "the next Michael W. Smith" has never achieved the elusive "breakout" in the United States market – a breakout that would mean financial freedom to keep doing what he does.

Now, at the age of 54, after years of physical, financial and emotional struggles, Steve Bell has been given a rare opportunity to play a private concert at CBS Studios in Hollywood that could change it all...

Format:	DVD
Distribution:	UK & Europe

Description

How do Christians ensure that their faith is alive, active and led by the Holy Spirit? How do we keep our congregations vibrant, focused on scripture and compelled to love our neighbors as Christ loved us? These questions are not new. Each generation of Christians has had to answer them and our history is an indispensable guide as the church continuously seeks renewal.

God's Glory, Neighbors Good tells the story of Pietism, a 17th century movement that called Christians to focus on the Bible, the need for spiritual rebirth and personal transformation. This feature length documentary reveals how Pietism helped shape modern evangelicalism and how it helps us understand issues confronting the church today.
