Description

Ledger is the very first album released by Jen Ledger (SKILLET).

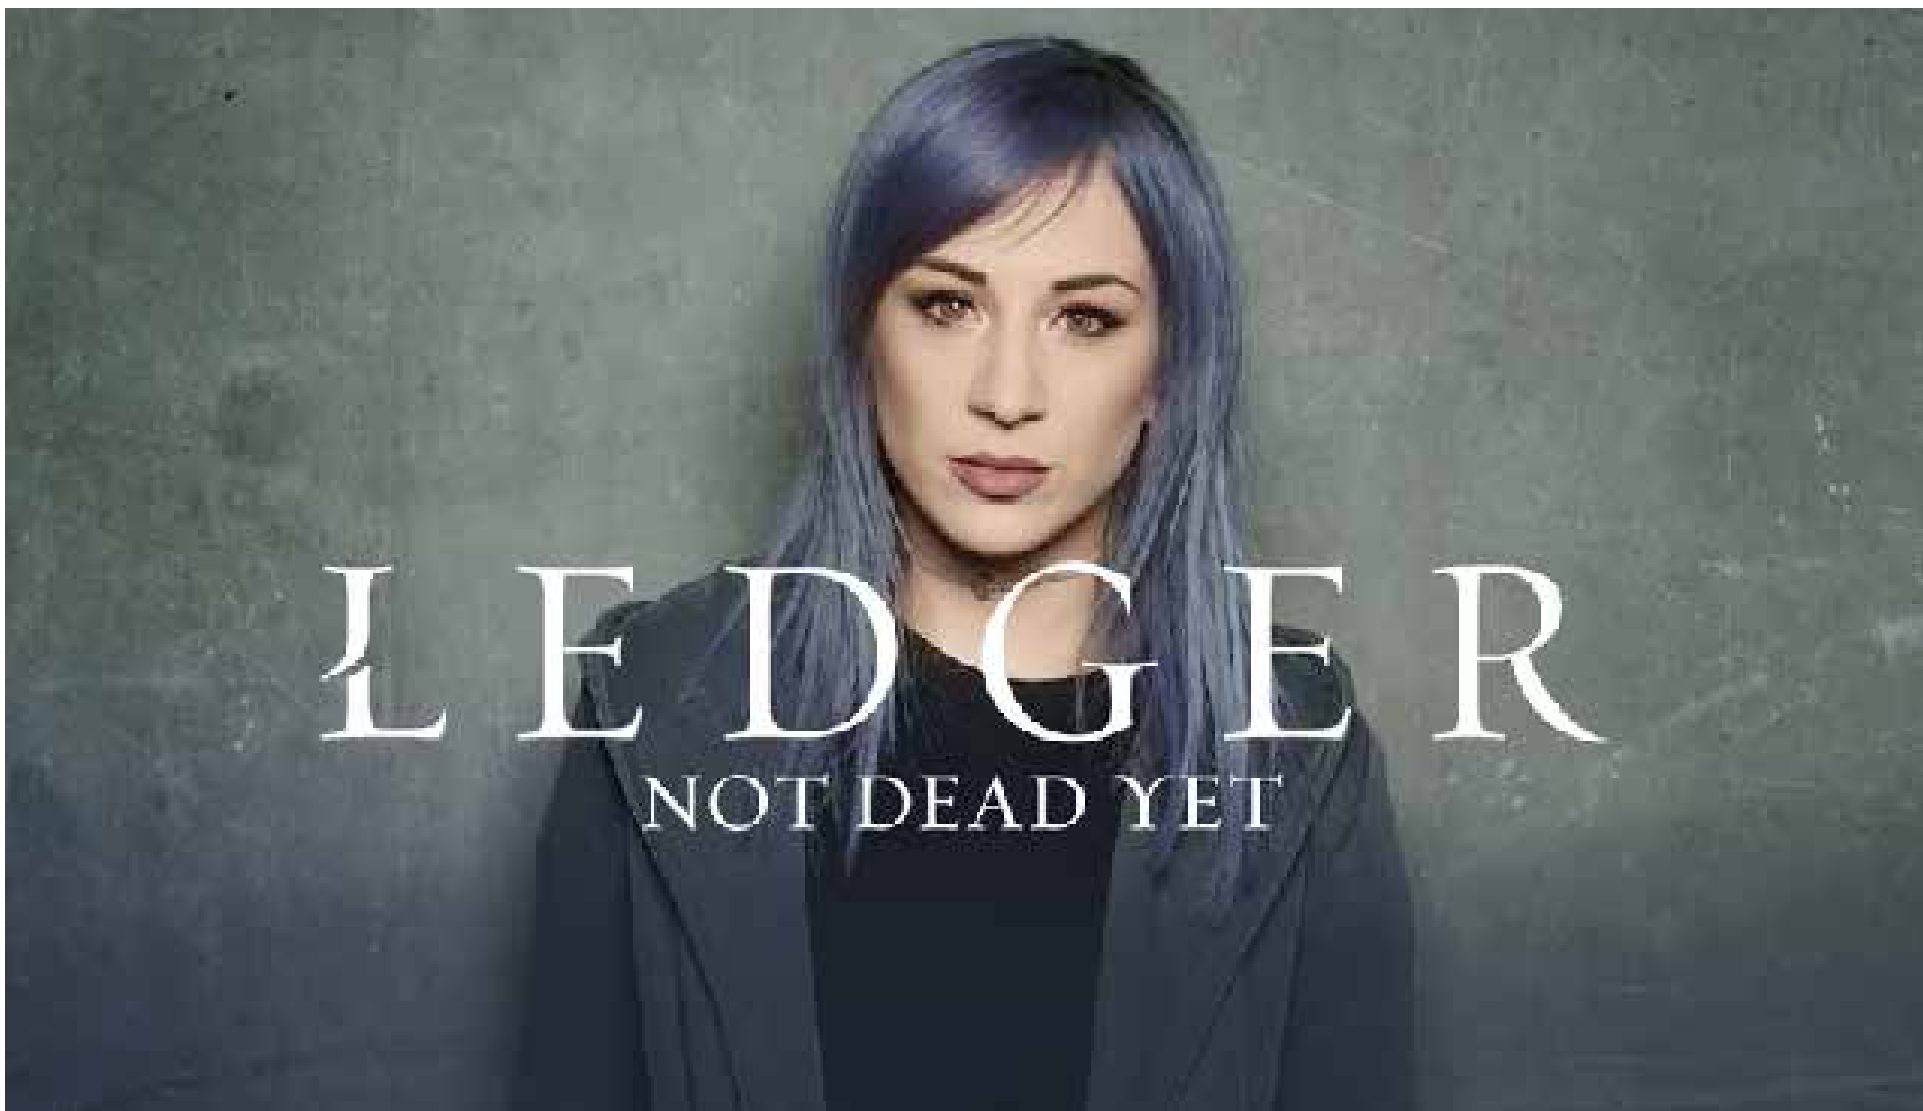

For the past decade, Jen Ledger has been holding down the beat for Skillet and she’s seen her vocal presence continue to grow within the band.

There are bits of Skillet influence felt throughout her album. Being a drummer, just about every track hits its mark with distinctive percussive elements, and the synth work on ‘Ledger’ adds extra grit when she wants to rock, but also allowing her to dip into a poppier side when need be.

Ledger differentiates herself enough from Skillet to provide something fresh but remains close enough to the rock side that even longtime Skillet fans should still be able to relate.

Who Do You Say That I Am? DVD – Becky Harling

Description

Do you know Jesus as He really is?

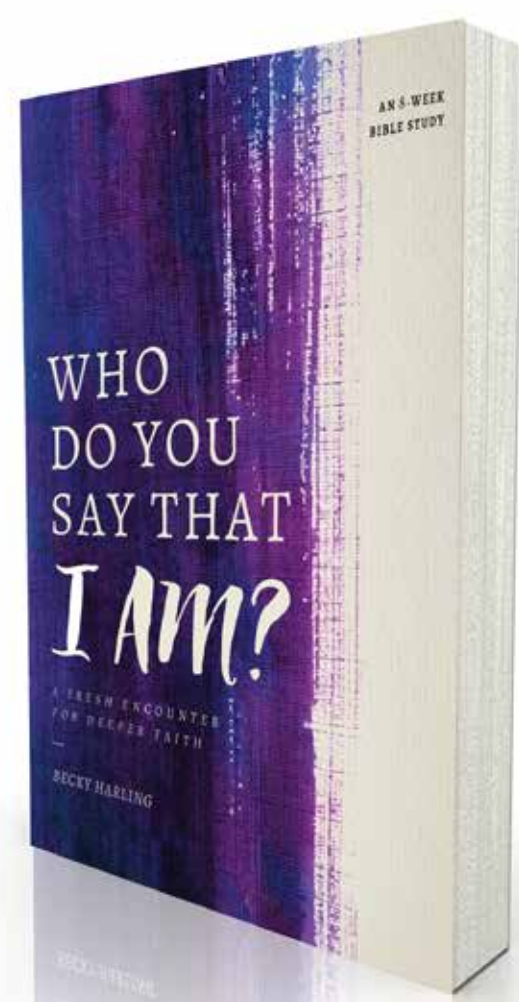

We can speak in abstracts all day long. We can ponder who Jesus is and what it means to follow Him. But he wants our confession. He wants to know, “Who do you say that I AM?” How we answer defines our lives both now and forever. This study in the “I AM” statements of Jesus will help women move from knowing about Him to knowing Him personally.

Becky Harling has years of experience as a Bible teacher and women’s ministry leader. People are abandoning our religious institutions in droves.

In the last few decades, in the U.S. alone, sixty-five million people who once attended a local church, no longer do.

About half of those no longer self-identify as Christian, but over thirty-one million still do and are seeking a more relevant faith beyond Sunday-morning Christianity.

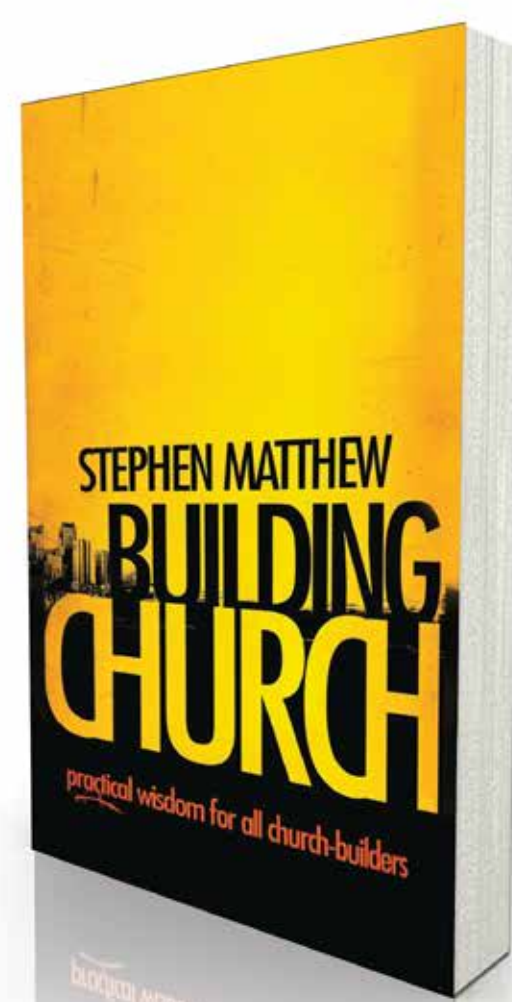

What do we make of this exodus and how will it affect the future of the church? Does it portend the end of Western Christianity?

Wayne Jacobsen doesn't think so. Having met with thousands of people around the world who are done with religious institutions, he is more hopeful than ever that this phenomenon might help revitalise the church Jesus is building.

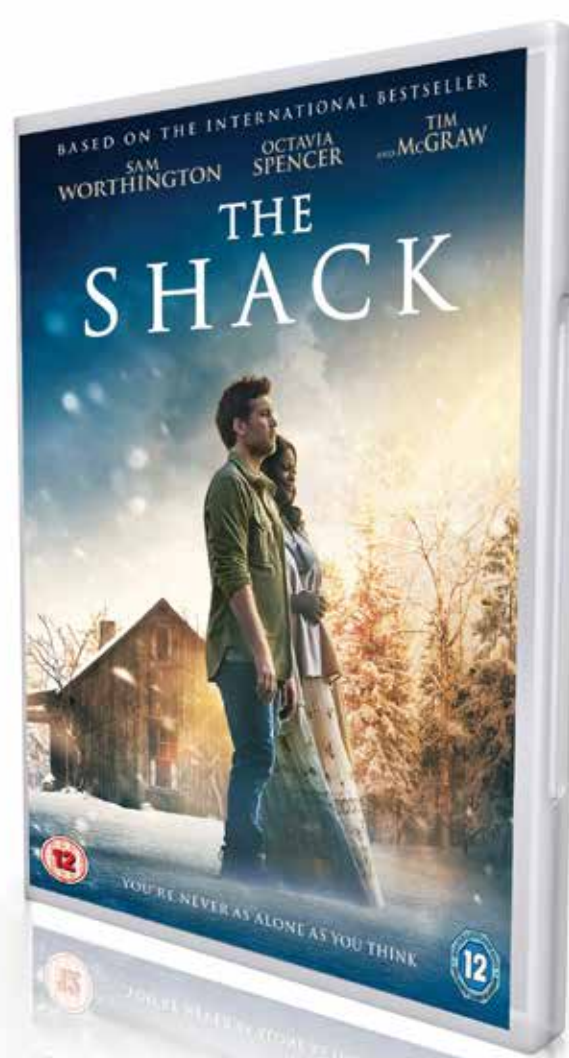

Whether you attend a local church or you're done with it, how we respond will have repercussions for generations to come. This is our opportunity to embrace God's work in a wider way than any single institution can contain.

Wayne Jacobsen collaborated with Wm Paul Young on the best-selling book 'The Shack'.

Heeding the Call to Be a Light in the Darkness

How do we live faithfully in a country becoming more and more hostile to our faith in Christ?

Like the Israelites in Babylon, we must find a way to maintain our faith in the midst of a pagan culture. But that requires we answer two crucial questions:

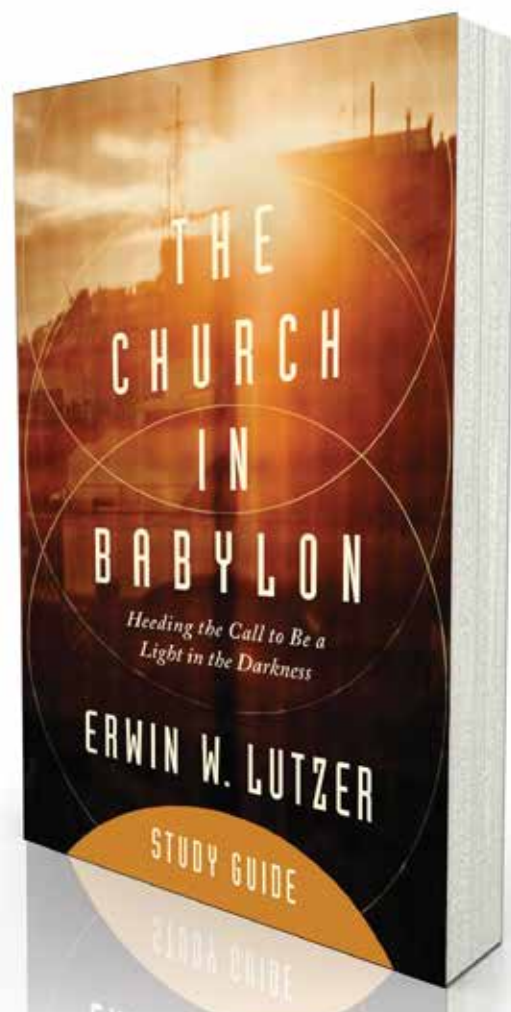

- How did we get here?
- How do we prepare for the dark and difficult days ahead?

In ‘The Church in Babylon’, Dr. Lutzer answers both of these questions as he looks at the book of Jeremiah. He will walk you through the many parallels between the church and God’s people in Babylon, and embolden you to be a gospel witness. You’ll be encouraged not to compromise your faith even when under constant pressure from all corners of society. And more than all this you will have a fresh encounter with Jesus Christ, as you consider the biblical role of those in exile.

Description

You're at war. Are you winning?

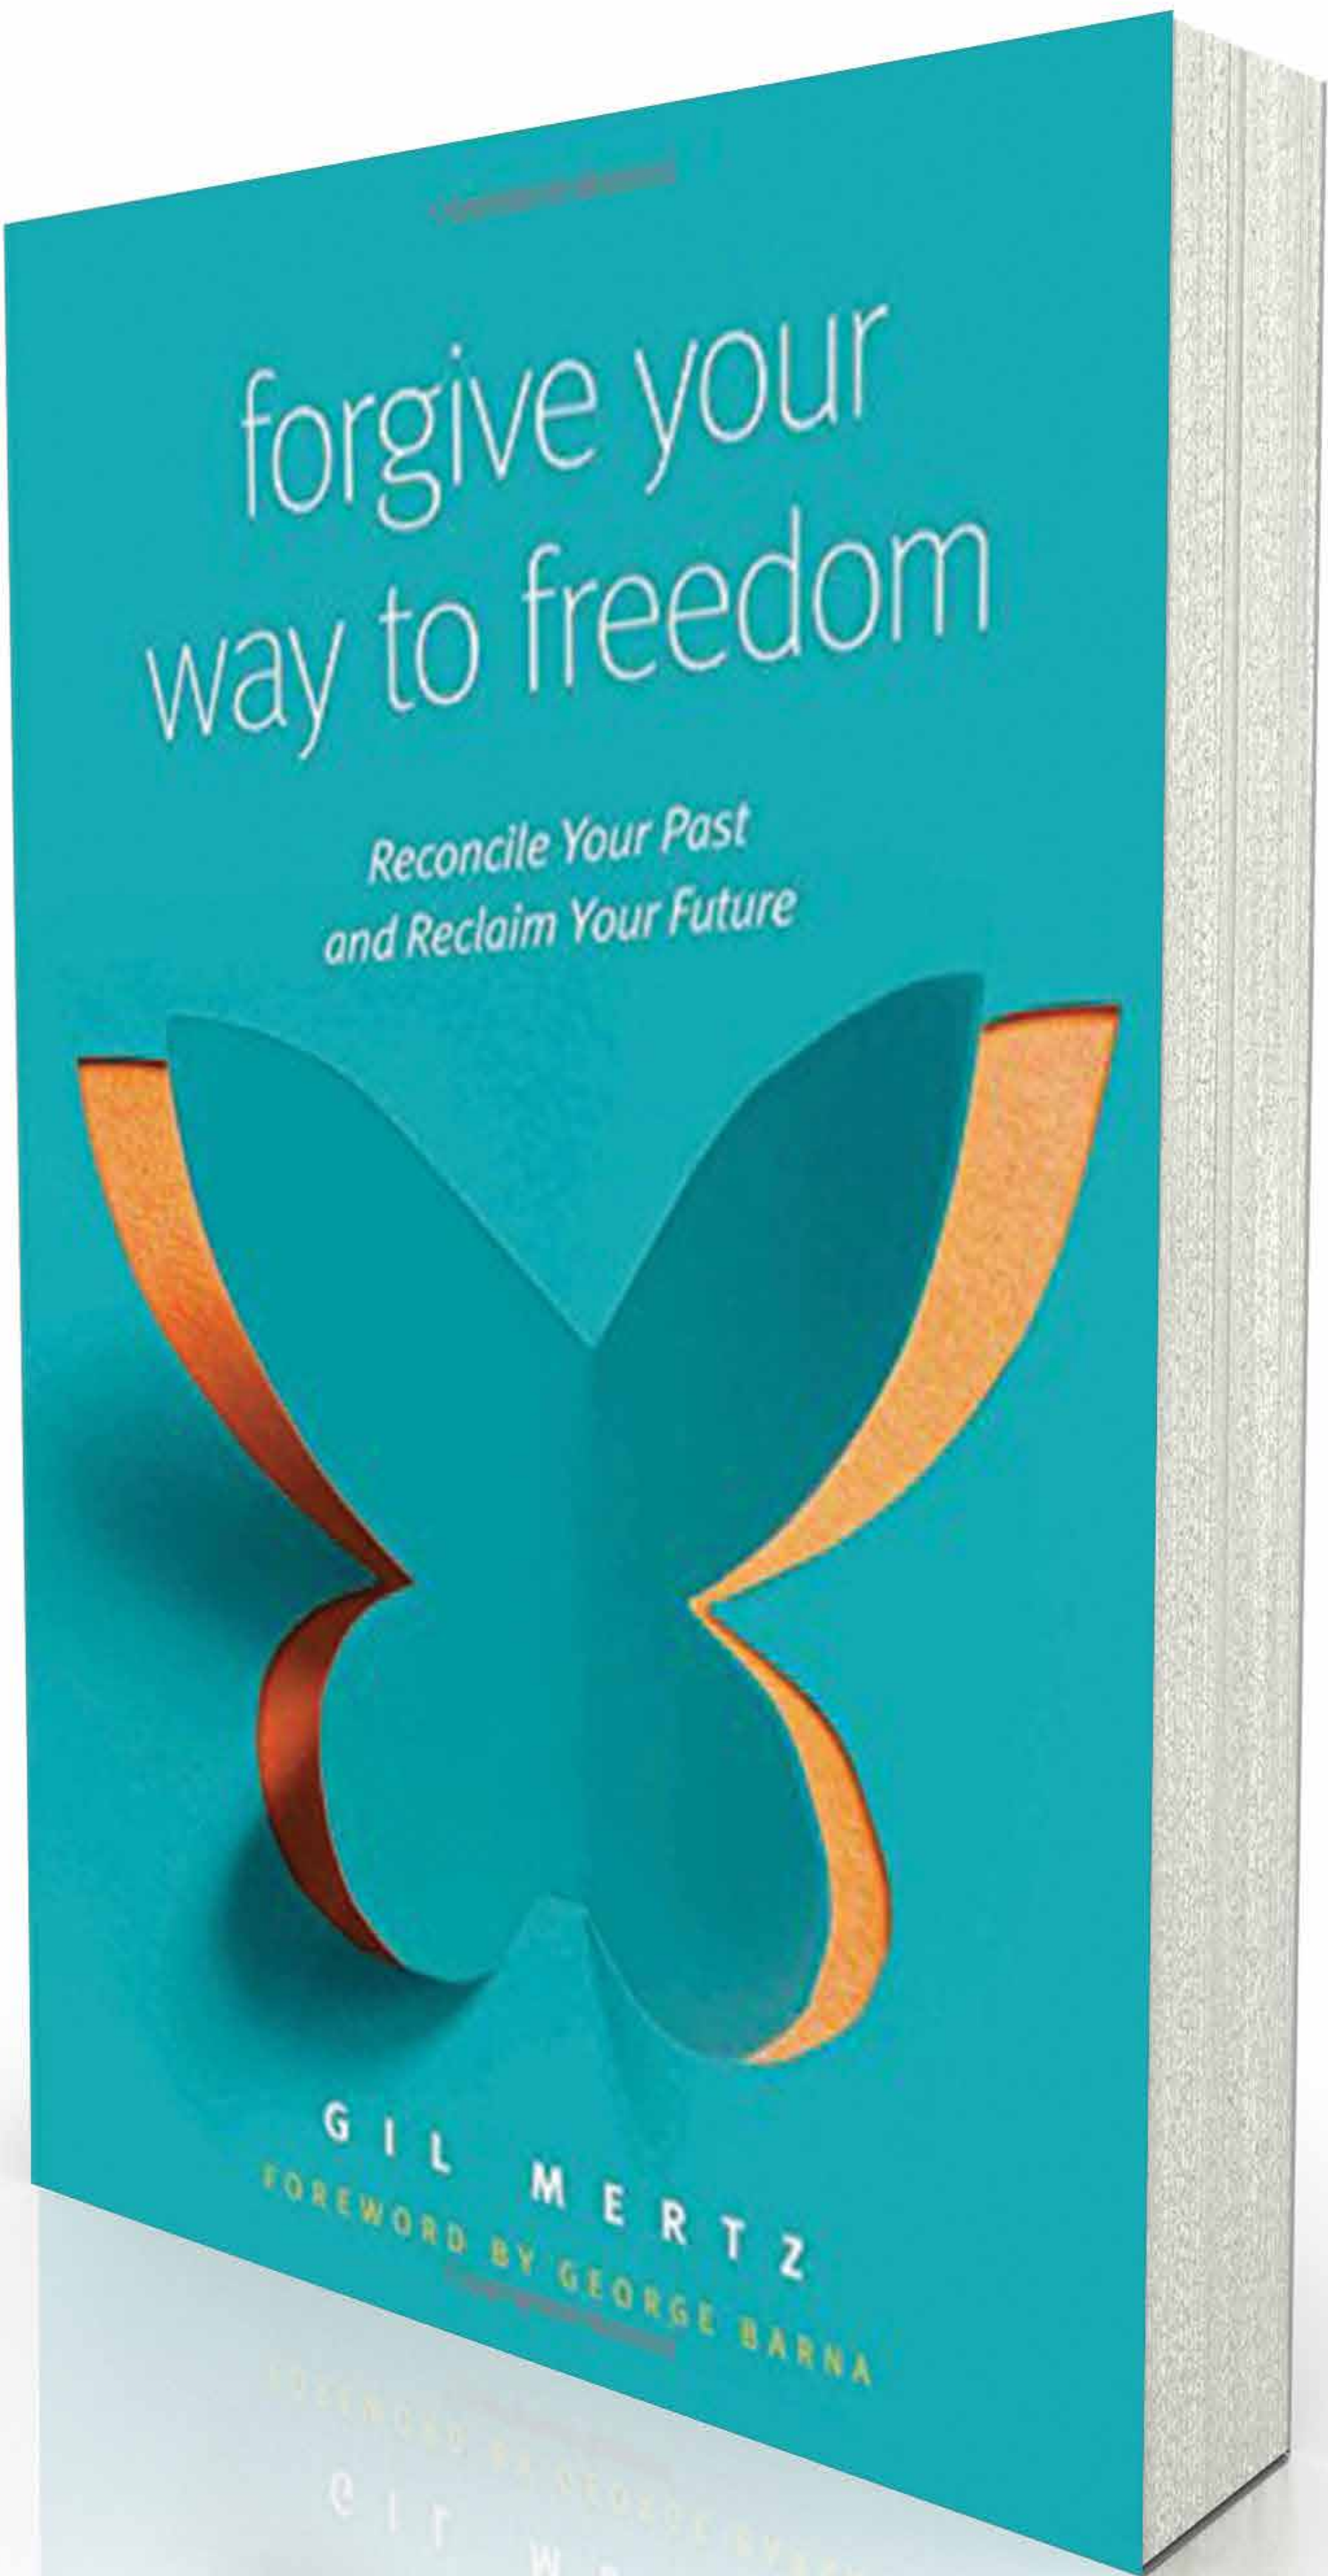

Your fight is not with the problems you can see—depression, a broken marriage, addiction, or financial troubles. These are just the symptoms, the true disease—the true battle—is against the devil and his armies. But the devil is not afraid of mere humans like you and me. So how are we supposed to fight? More importantly, how are we supposed to win?

'Warfare' is a guide to fighting the battles that matter. In it, you'll learn:

- to identify how spiritual warfare is impacting your soul, family, church, and culture
- who the armies are and what role they play—God, angels, demons, and the devil
- how to use the arsenal of spiritual weapons God provides
- how to claim the victory God has already won

When we fight the right battles with the right weapons, fear gives way to courage, futility gives way to purpose, and failure gives way to victory.

While many Christians recognize the name of Charles H. Spurgeon, the beloved preacher and writer, few are familiar with the life and legacy of his wife, Susie.

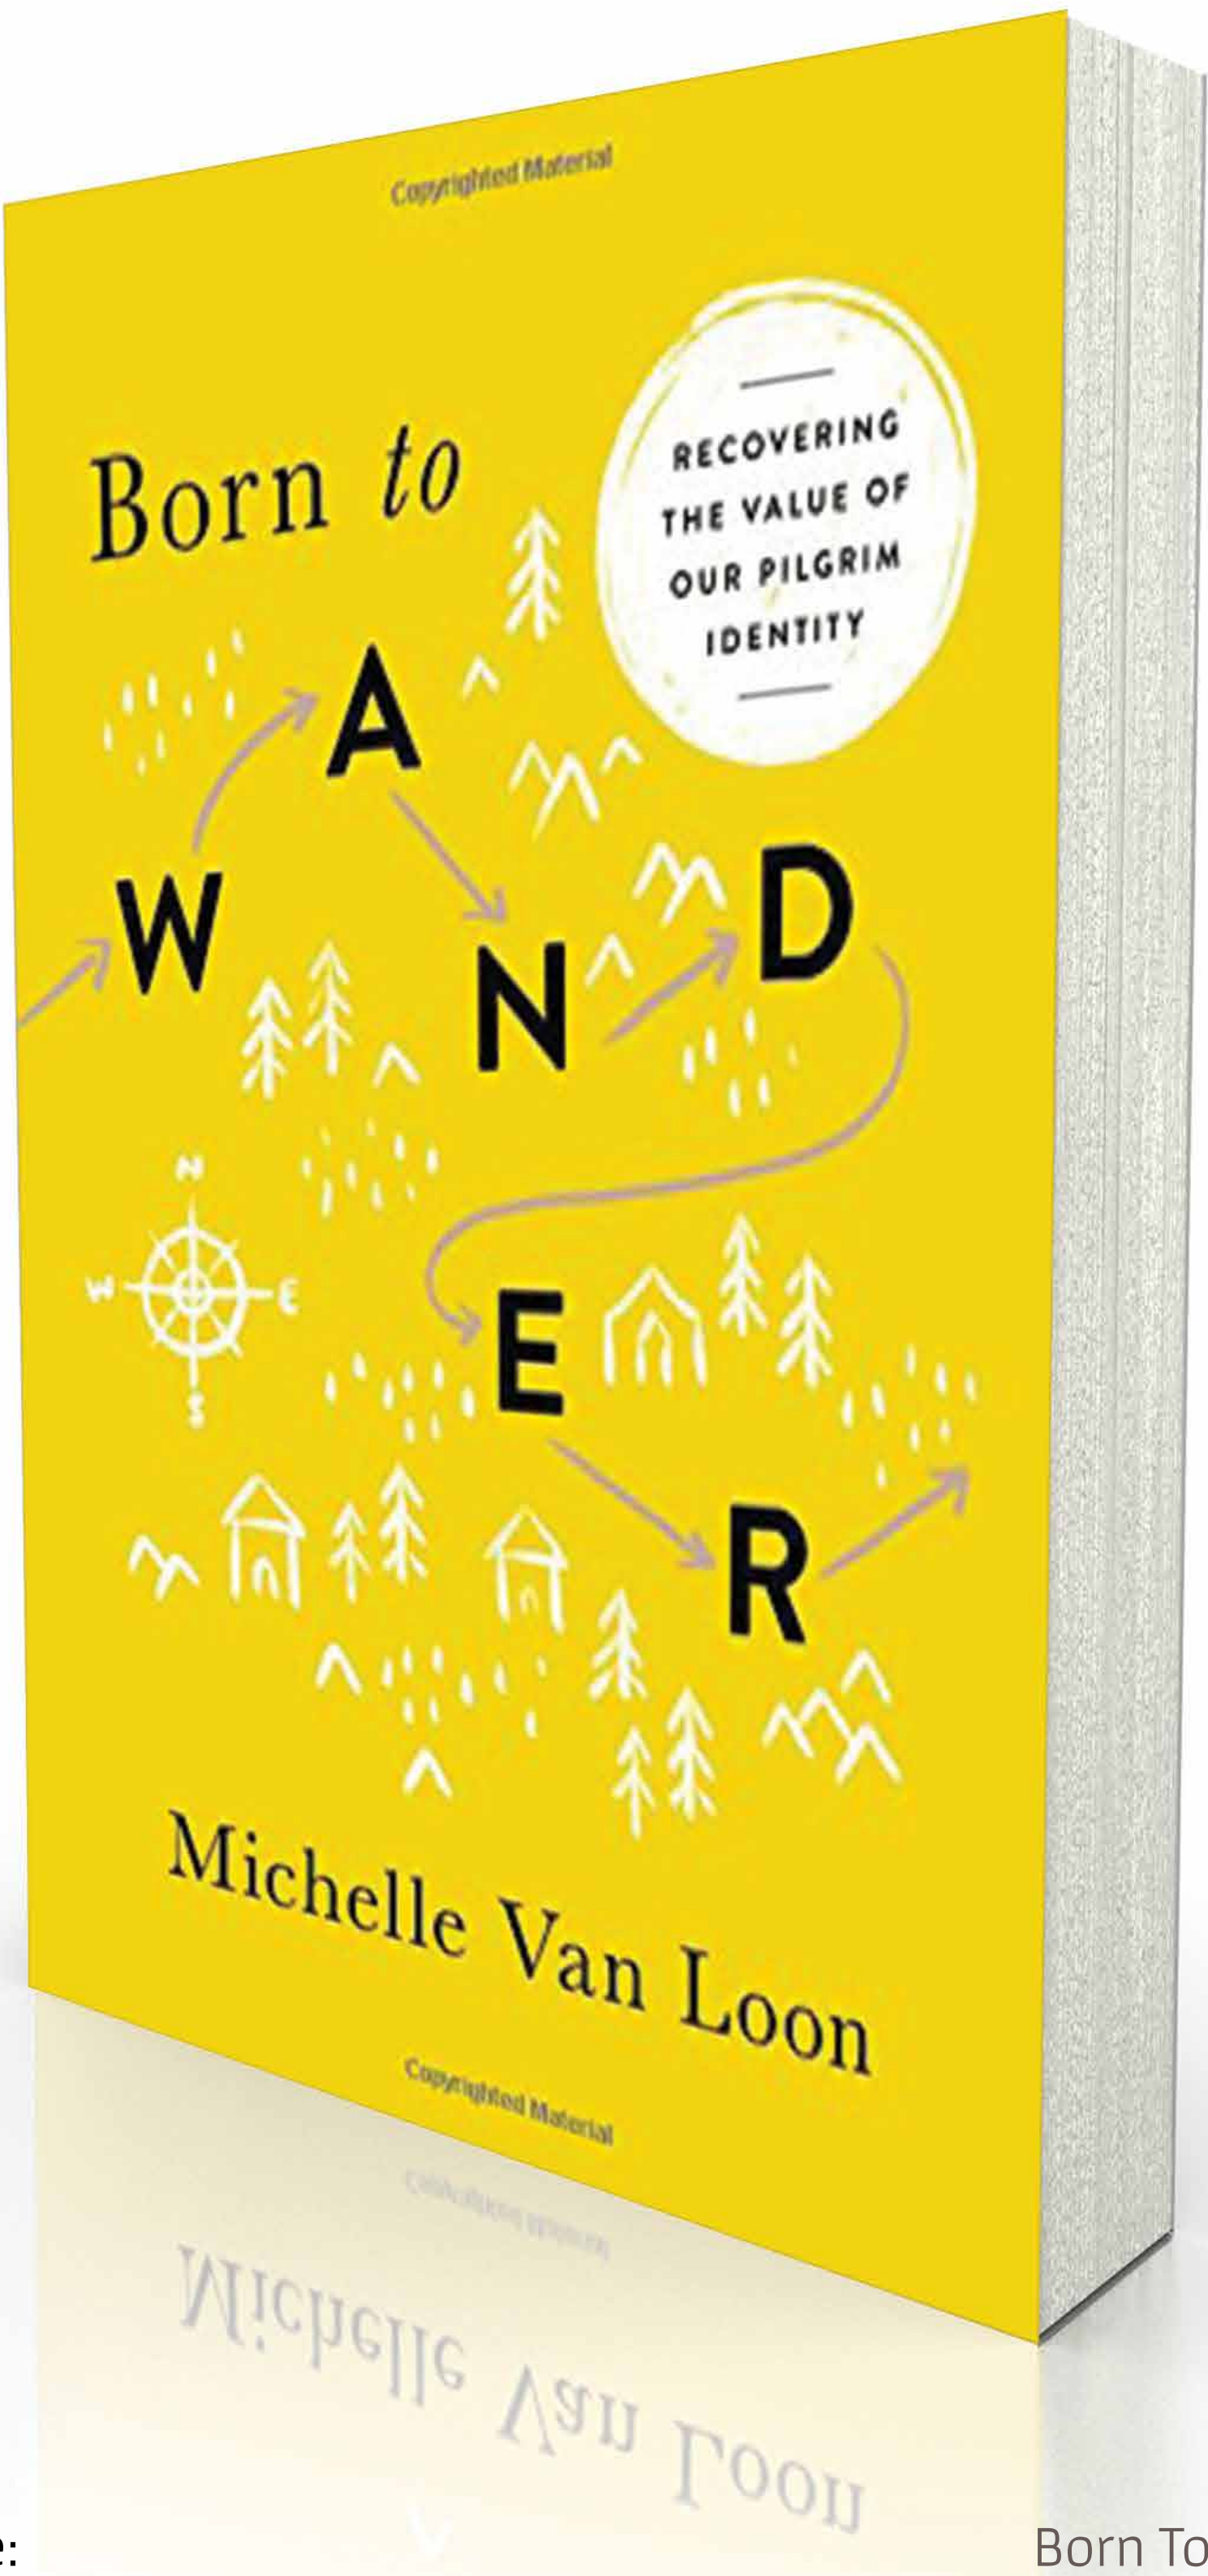

Susannah Spurgeon was an accomplished and devout woman of God who had a tremendous ministry in her own right, as well as in support of her husband. She edited and published her husband’s sermons, wrote five books, and was instrumental in planting a church. And as her writing attests, she was a warm, personable, and interesting woman.

Ray Rhodes Jr. examines Susannah’s life, showing that she was not only the wife of London’s most famous preacher, but also a woman who gave all she had in grateful service to the Lord.

How to exegete the emotion of Scripture.

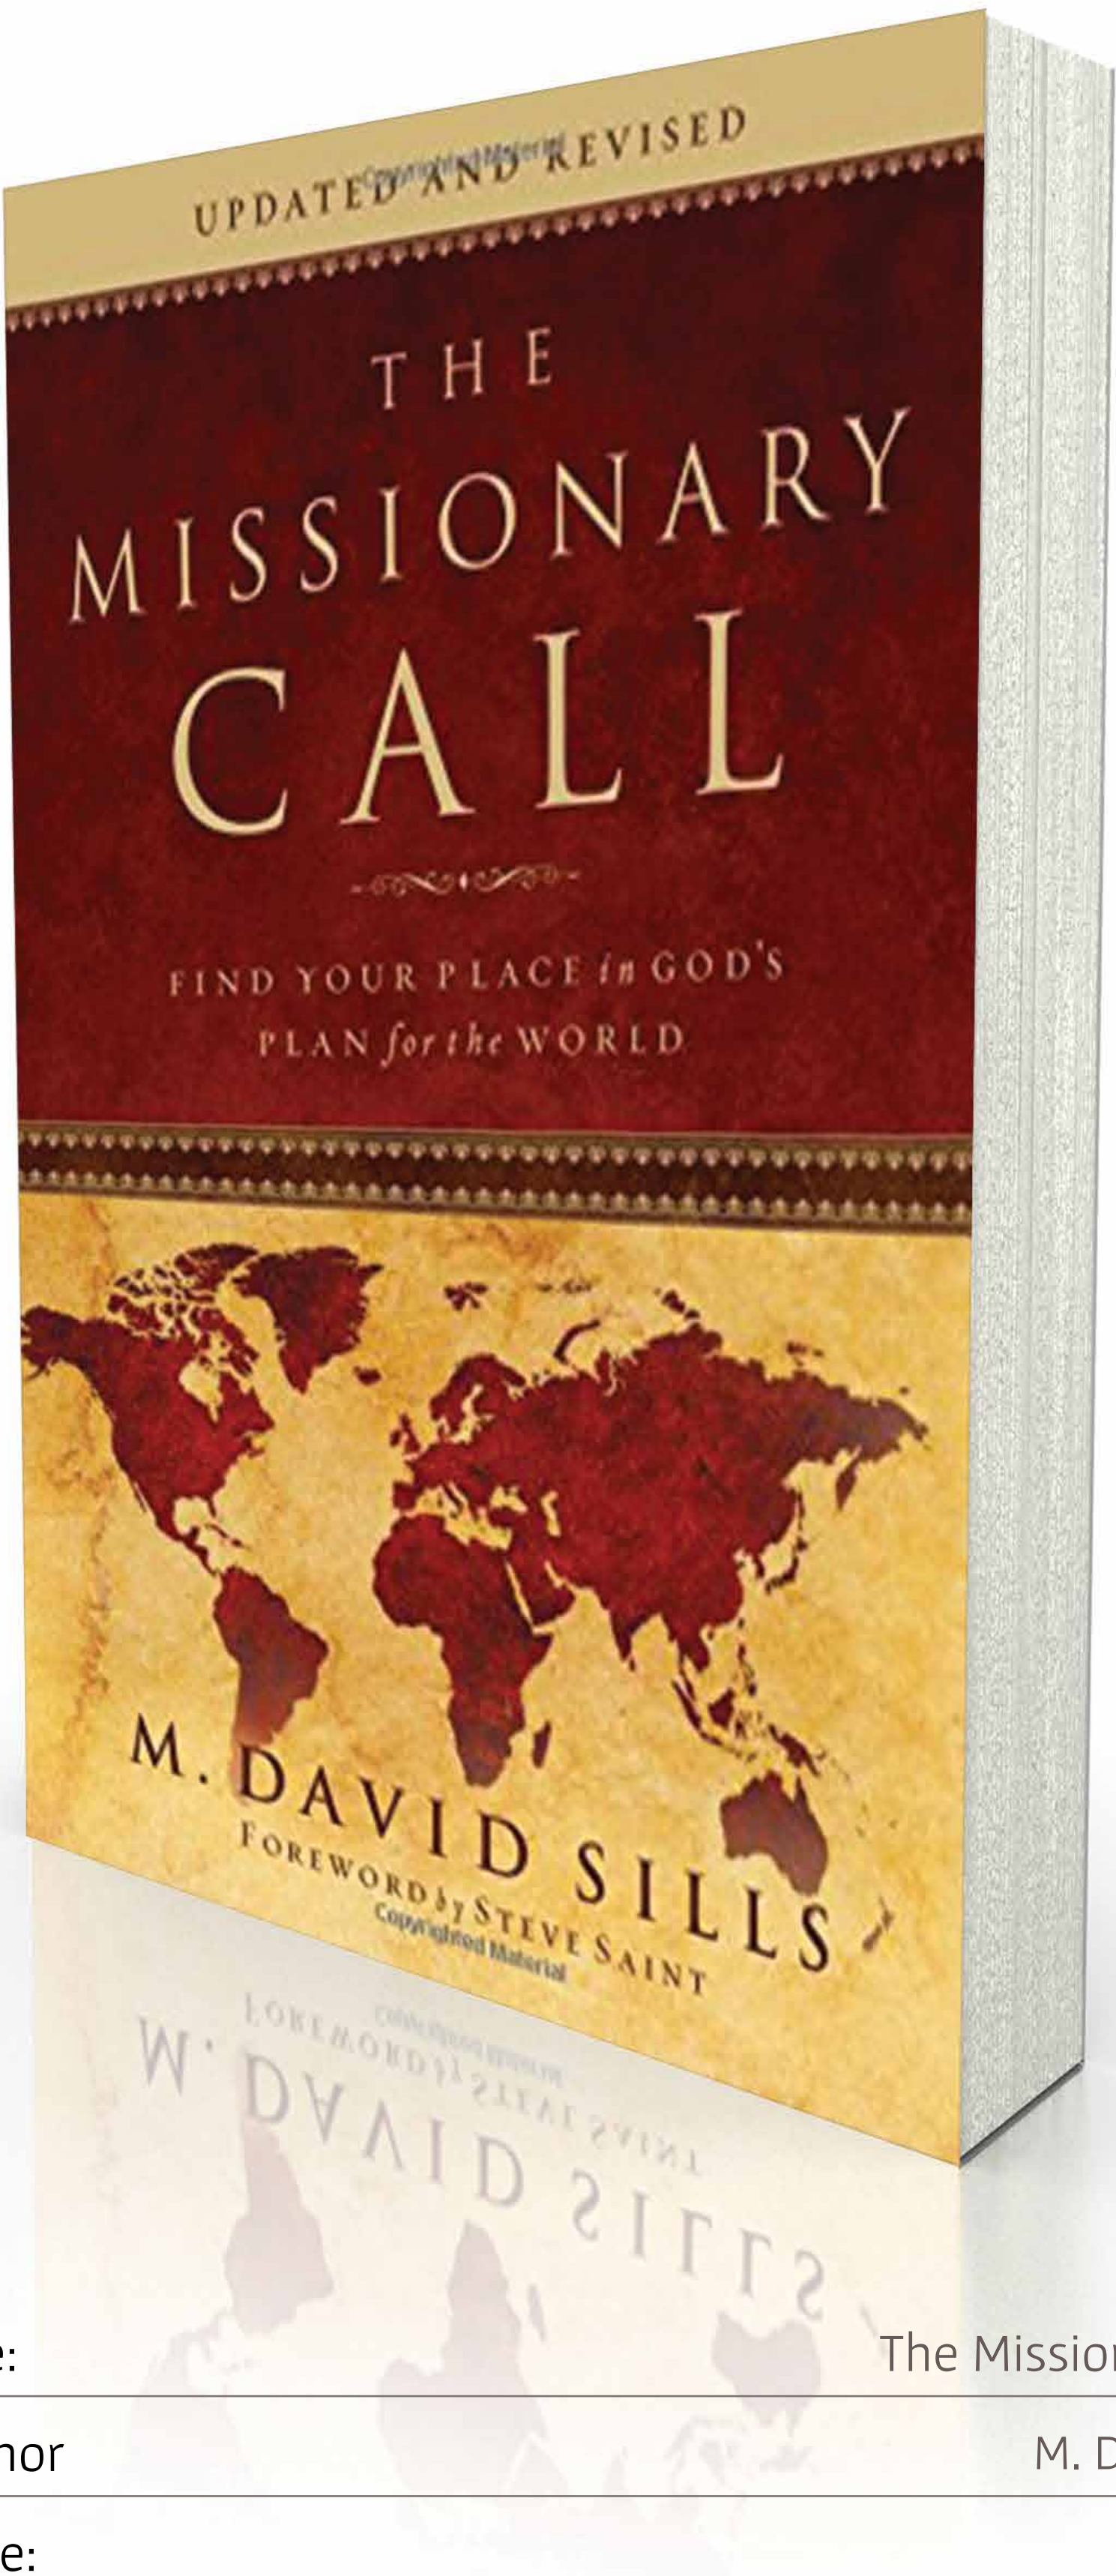

Biblical exegesis doesn't stop with the words alone. Faithful preachers exegete the emotion of the text as well.

It's easy to let our own personalities dictate the emotional dimension of our sermons, but the best preachers mirror the Bible's emotive intent in their sermons.

In 'Passion in the Pulpit', Jerry Vines and Adam Dooley will teach you how to exegete not just the verbal content of Scripture, but its emotional appeal as well. They show you the role the Bible's emotional intent should play in each stage of sermon prep, and:

- Offer exegetical steps to discern the biblical pathos
- Teach you how to avoid manipulation while making your sermons emotional
- Help you determine the appropriate limitations of emotional appeal
- Give you verbal, vocal, and visual techniques to help convey the biblical emotional intent in your sermons

When we elevate the Bible's emotional intent above our own, we preach truth rather than personality.

What is God calling you to do?

Christ called His followers to take the Gospel to the ends of the earth. Simple enough, right? But not everyone can go to the ends of the earth, or we'd be abandoning the lost here at home. So, how are people supposed to determine whether they should stay or go, whether or not they've received "the call"?

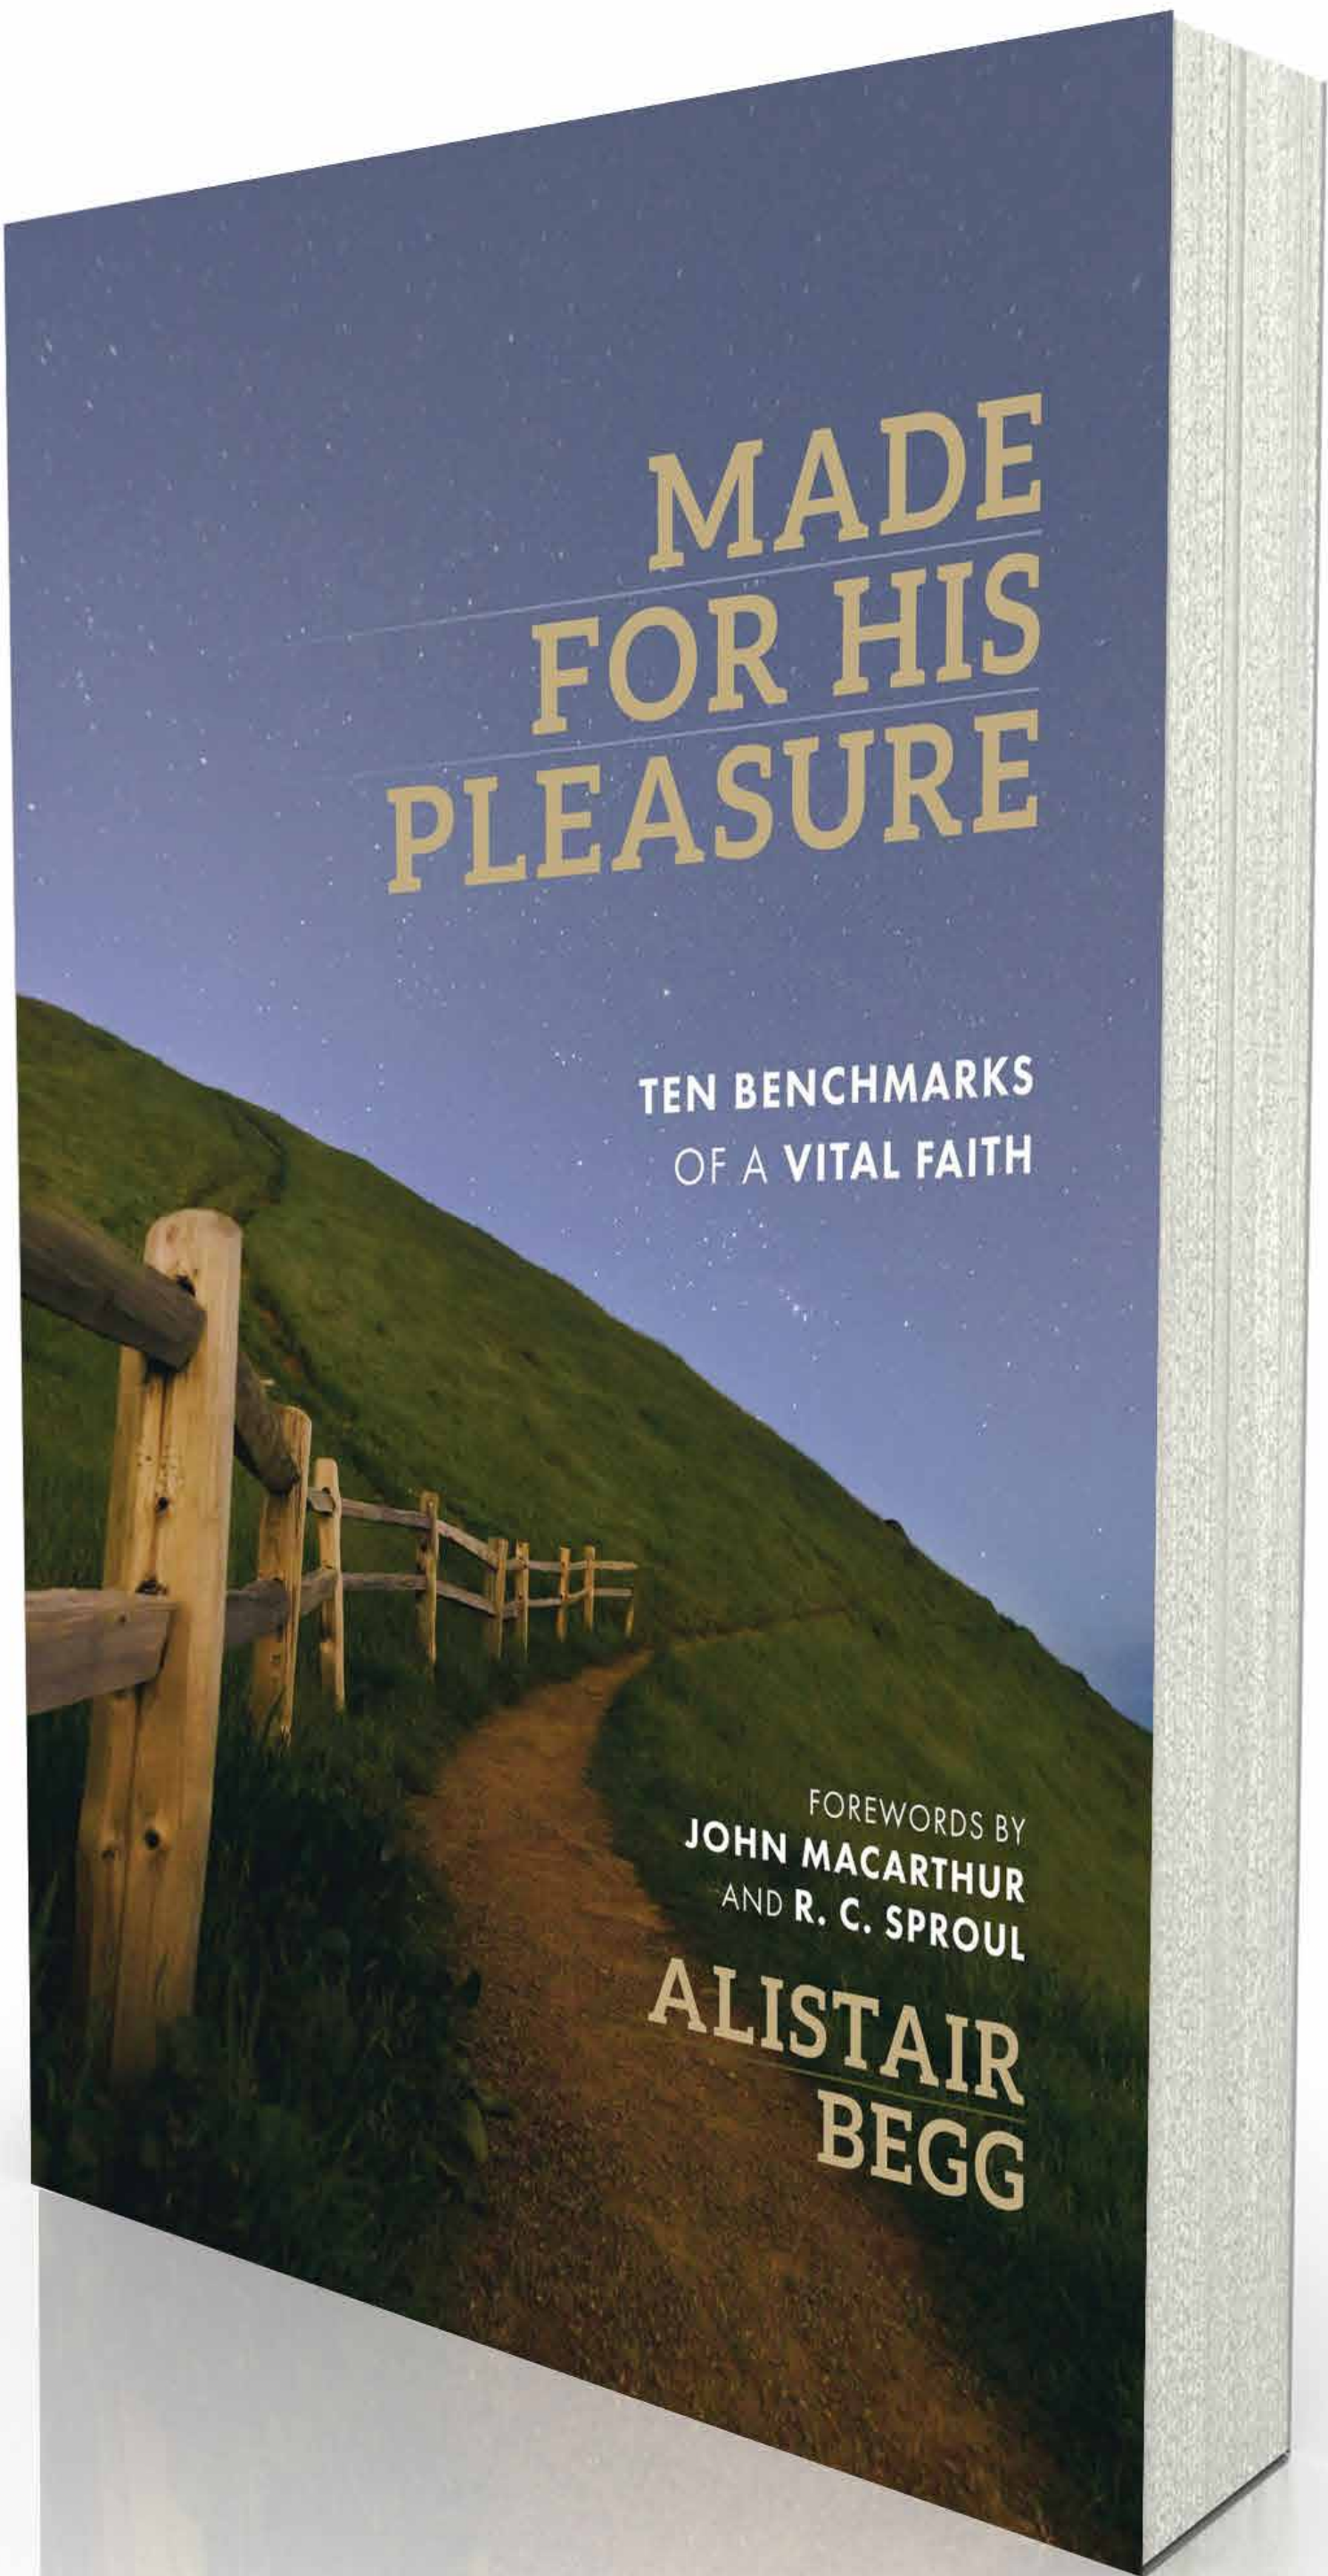

This updated edition of 'The Missionary Call' explores the biblical, historical, and practical aspects of discerning and fulfilling God's call to serve as a missionary. Using Scripture and lessons from actual missionaries, Dr. Sills cuts through the prevailing confusion to offer much needed biblical wisdom and clarity.

This volume also includes pertinent new content on:

- how business professionals overseas can participate in missions
- the advantages and disadvantages of using technology to do missions work long-distance
- how globalization and urbanization are changing missions today
- the pros and cons of short-term mission trips and how to do them effectively

In this popular book, Alistair identifies ten benchmarks from Scripture that will prove invaluable as you seek to live a life that is pleasing to God. His clear, personal message will challenge and revitalize your faith.

Spiritual fitness is not a series of straight, 100-yard sprints. Rather, it’s a lifelong cross-country run of endurance and perseverance. The life that is truly fulfilling gives back to God the talents and abilities He has given us to be used for His glory.
