Yates tackle legendary biblical misinterpretations of topics like the origin of evil or the purpose of Mosaic food laws, as well as common misconceptions about dinosaurs, or NASA discovering Joshua's long day. 'Urban Legends of the Old Testament' will help readers avoid missteps in the interpretation of key biblical texts while modeling interpretative techniques that can also be applied to other Old Testament.

Title: Reimagine Retirement
 Author: C.J. Cagle
 Price: £12.99
 Product Code: 9781535954174
 Format: Paperback
 Distribution: UK & Europe

People are crazy about retirement. Everywhere we look there are books, articles, and websites dedicated to the subject—most of which are about how to get there fast, and how to enjoy it when you're there.

In this book, Chris Cagle, himself a recent retiree, challenges us to reimagine retirement from a distinctly Christian perspective. In the process, he will challenge our typical view of retirement as the ultimate reward for a life of hard work by asking key questions: What does the Bible have to say, if anything, about retirement?

What would a God-honoring and glorifying retirement look like? If retirement is probable for most of us, how should we plan for it as wise stewards of the resources God has entrusted to our care?

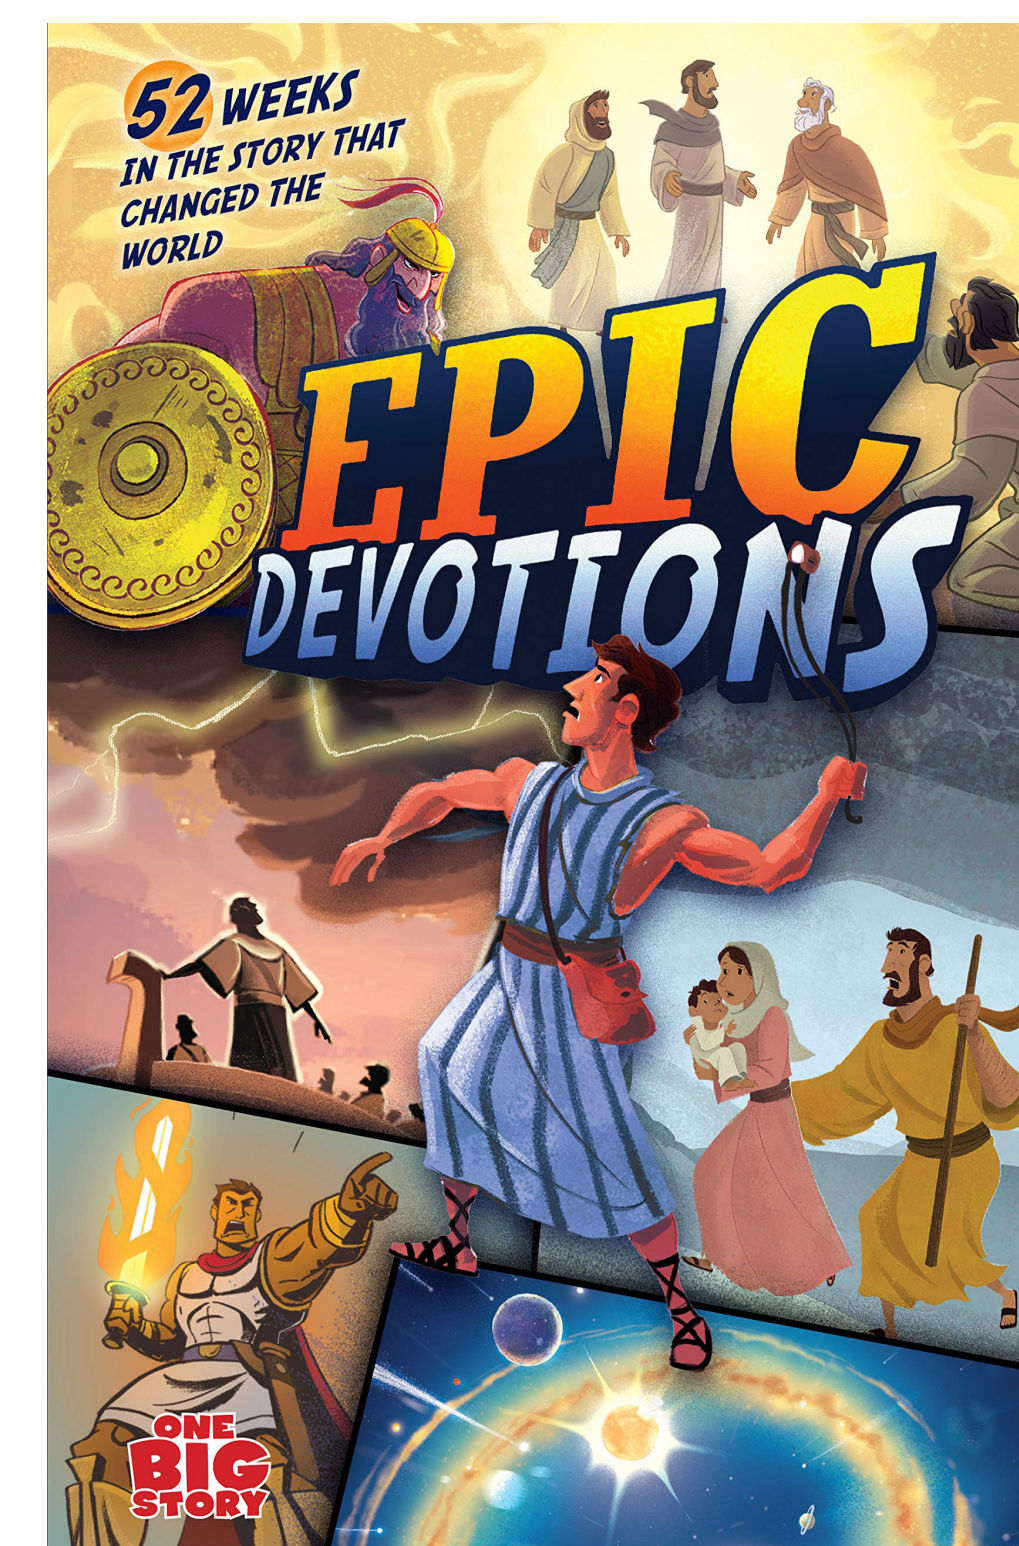

In *Reimagine Retirement*, Chris answers these and other questions to help us construct a vision of retirement that reflects the values, priorities, and purposes that are most important to God.

Title: From & Before God
 Author: Sugel Michelen
 Price: £12.99
 Product Code: 9781535971010
 Format: Paperback
 Distribution: UK & Europe

Imagine this scene. You are standing in the pulpit of your church preaching on a Sunday morning. Without your knowledge, the Lord Jesus himself is sitting in the last row, listening attentively to what you're saying. How would this reality impact your preaching? The truth is that this is no mere illustration: the Lord is present in His churches every Sunday, listening to the preaching of His Word.

The apostle Paul wrote in 2 Corinthians 2:17 that ministers are to preach "as from God and before God." Those who preach God's Word are commissioned by God to preach, and they do their preaching before God, for an audience of one. This, according to Sugel Michelen, is the biblical foundation for expository preaching—preaching that draws out what is in the Word of God. In this work, Michelen, regarded as one of the best preachers in the Spanish-speaking church, makes a biblical case for expository preaching and models for readers how to prepare and preach as from and before God.

Title: Holy Imagination
Author: Judy Fentress-Williams

Product Code: 9781426775314
Format: Paperback

Most literary works have one primary voice, a discourse that expresses an author's dominant culture and ideology. The whole Bible however, should be read by allowing numerous voices or discourses during a thousand years of literary imagination to emerge and interact. This dialogue reading process introduces theological insights that are larger than the individual parts of the Bible.

Many books about the Bible introduce students to this sacred literature through a critical tour of the historical events and cultures that were present when the authors were at work.

'Holy Imagination', however, groups sections of the Bible by genre, to include the whole canon. This "reader's introduction" is informed by literary theory and theological synthesis.

'Holy Imagination' can serve as the primary text for an introductory course on the whole Bible. For instructors who prefer an historical-critical structure, this book could be an appreciated supplementary text that gives new Bible readers the larger picture of the wider Biblical literature.

Title: Works of John Wesley Vol. 17
Author: Richard P. Heitzenrater
Price: £54.99
Product Code: 9781501890932
Format: Hardcover
Distribution: UK & Europe

This critical edition of John Wesley's diaries from his time at Oxford University annotates the names, places, events, travels, finances, readings, sermons, correspondence, music, spiritual growth, and academic activities of Wesley during this ten-year period before his published journal came out.

Most entries are expanded from their cryptic original format, but a few of them remain hidden behind initials of people, a few indecipherable symbols, and three major gaps in the diaries themselves, which bring to bear the financial accounts, letters, and whatever other sources can be used.

This material is very detailed and provides a reconstructed picture of Wesley during the decade of 1725-35, clearly a crucial period in his life-long quest for intellectual growth, spiritual practices, assurance of salvation, and organizational relevance.

Contrary to everyone's expectation, Arie Elshout neither became a professional soccer player nor the financial administrator of the international shipping firm Van Ommeren (Rotterdam, the Netherlands).

Instead, the Lord thrust him out into His vineyard, having called him to a special ministry

Rev. Elshout's gospel ministry would not only impact the Netherlands and North-America, but he would also be a devoted supporter of the mission work and youth ministry of the (Netherlands) Reformed Congregations.

His books about depression and/or burnout, 'A Helping Hand' and 'Overcoming Spiritual Depression' have been "a word in season" to many within and outside of the denomination he served.

However, to prepare him to minister to so many, the man Arie Elshout was led through difficult trials. This molded him to be God's servant in speaking a word in season to needy souls.
