Video of ‘Hard Workin’ Man’

Click link to play song: [https://youtu.be/Kuz\\_TUDQUIY](https://youtu.be/Kuz_TUDQUIY)

Having turned their acappella, on-the-job serenades into a national recording career, The Singing Contractors have assembled *Hard Workin’ Man*, a collection of country classics.

“We are so excited about this new record,” stated Aaron Gray. “From the beginning of this recording process we wanted this album to connect with the everyday, hard workin’ man and woman.”

“Working as contractors while getting to sing and perform, we can relate to how many of our listeners feel day in and day out,” added Josh Arnett. “We selected these songs with the hope they will mean as much to listeners as they have meant to us.”

The Singing Contractors teamed up with veteran producer Michael Sykes to create *Hard Workin’ Man*. Showcasing the harmonies that have garnered national TV appearances and avid fans, the singing sensations put their unique twist on country music classics such as “*Back Home Again*,” “*Forever and Ever Amen*” and other songs that inspired them to be the hard-working men and acclaimed talents they are today.

Those signature renditions include a guest vocal from country music icon Merle Haggard on their rendition of “*That’s the Way Love Goes*.”

Filmed at the Gaither Music Studio and directed by Doug Stuckey, the DVD and TV special feature performances from The Singing Contractors and conversations with host/singer/songwriter Woody Wright about the history and inspiration behind *Hard Workin’ Man*.

Gospel music legend Bill Gaither also makes a special appearance as he joins The Singing Contractors and Wright for a memorable rendition of “*He Touched Me*.”

When I was a worship pastor living in Isla Vista, California, the goal behind our ministry was to show that it doesn't matter where you are or what stage of life you're in -- there's always going to be the grace and love of God waiting for you. He always accepts us exactly where we're at and walks alongside us. I feel like these songs show what it is to be a believer and how we're called to walk and love people."*

# Various – The Matter of Life DVD

## Description

The award-winning film *The Matter of Life* cuts through the angry rhetoric and divisiveness about the issue of abortion and presents a message that goes beyond pro-life and pro-abortion arguments. It forces us to ask the question: Are the unborn one of us?

Featuring the stories of women, former abortion clinic workers, historians, religious workers, pro-life atheists, and many more, *The Matter of Life* stresses entering this conversation with understanding, love, and support. Doing so is critical to save the lives of the unborn and to care for the women who carry them.

## Description

31-day devotional giving biblical comfort and practical support to men processing miscarriage.

This 31-day devotional gives biblical comfort and practical support to men processing miscarriage. The loss of a baby in the womb can leave the father reeling, as well as the mother. He may feel confused, helpless, lonely, deeply sad, or just numb.

As readers draw alongside Jesus in the pages of Luke's Gospel, they'll find help to process their grief and to address questions they may be too afraid to ask. There's also lots of practical help on how to care both for themselves and for their family in the aftermath of miscarriage.

Eric Schumacher writes with sympathy and compassion as someone who has experienced the grief of multiple pregnancy losses making this book a great way to reach out to men who are suffering in this way. Includes foreword by Paul David Tripp and contributions from Nate and Lore Wilbert, Jenn Hesse, and Brian Croft. There is also space for journalling.

The book of Nehemiah chronicles a key moment in the history of God's people: the rebuilding of the walls of Jerusalem after the return from exile.

But we don't walk away from this book just knowing about a rebuilt wall. Nehemiah helps us think through any type of rebuilding we might do for God—from our homes and families to our local church, our communities and our world. It teaches us about gospel mission.

Urban pastor Dr. Eric Mason unpacks this rich book verse by verse. He explains the context, gives plenty of application for our lives today, and shows us what it looks like to get involved in God's work to build his kingdom. This expository guide can be read as a book; used as a devotional; and utilised in teaching and preaching.

A simple guide to what we really know about angels

Nearly eight in ten Americans believe in angels. Even among those who never attend church it's four out of ten. In the United Kingdom one in three people believe they have a guardian angel. You may well be one of them. Every tenth person in your street or workplace thinks they may have seen or heard an angel in some way. Books telling the story of angelic encounters are best sellers. Despite the widespread rejection of Christianity in our culture, many people are still fascinated by angels.

But what we can know for sure about angels? Are we dependant on second-hand accounts? Are we left with conjecture and guess work? This book goes back to the most reliable source we have for information about angels – God Himself speaking through the Bible.

Tim Chester delves into the mysterious world of angels and shows us what the Bible says about what angels are, what they do, and where they lead us.

## About the Author

Tim Chester is a pastor with Grace Church, Boroughbridge, a faculty member of Crosslands Training and the author of over 40 books.

He has written on a wide variety of subjects, and cares deeply about making the link between theology and practice clear to his readers.

## Description

An honest and realistic look at why how we work matters. There is no such thing as untested Christian faith.

The Bible shows us how testing experiences are common to every Christian and are part of God's good work in making us the people he wants us to be. As we spend so much of our time working, (whether in the home, in voluntary work, study or in a paid job), our work, like every part of our life, provides opportunities to prove for ourselves that God is real and at work in his world for good.

Graham Hooper has written this challenging and encouraging book for all Christians, but particularly for those struggling to 'live out' their faith at work, or questioning the worth of what they are doing. Graham writes with the conviction that the Bible's teaching about work is inclusive, covering every type of work at every stage of life; that the Bible is a message of good news with a universal application; and that it is also honest and realistic about the pressures of daily work and the way these often test our faith in a just and loving God.

It's this truly biblical view of work, grounded in Graham's own experience, which he presents in this book.

Graham Hooper is a Company Director, and former Senior Executive with a global infrastructure company.

Discover your journal's potential to be a tool for spiritual growth.

Kirsten Birkett encourages us to pick up our notebooks and pens and use journaling as a tool to grow in godliness. Writing is a powerful act. It takes time and allows us the space to turn emotions like sadness or anger into joy.

The Puritans used diaries as a way to give themselves spiritual counsel. It helped them to remember God's mercies, to reflect on how He has been at work, and to be thankful.

This book is a helpful guide for those who want to start the practice of journaling, or who want to direct their journaling in a more intentional way. Put pen to paper and create a record of your spiritual life.

Chapter headings include:

An exciting, easy-to-read biography of a preacher, scholar and educationalist whose impact on the religious and cultural life of Wales and other nations was immense.

Thomas Charles was a household name in Wales at least until the mid-twentieth century. The moving story of the young teenager Mary Jones walking twenty-six miles alone over the mountains to Bala to buy her copy of the Bible from him remains popular to this day, drawing attention to Charles's work in obtaining copies of the Bible for people in Wales and other countries.

Enjoying an intimate relationship with Christ, Charles worked tirelessly preaching the gospel, educating the poor to read the Bible, then obtaining Bibles in Welsh and other languages for people to read.

His extensive contacts with Evangelical Anglican clergy in England was a key in supporting and extending his influence in and beyond Wales. There is much to learn from Charles's commitment to Christ and his church, his love of the Bible and awareness of divine providence as well as his experience of genuine revivals. As we learn about Thomas Charles' life and faith may we follow his example in communing intimately with our risen, exalted Lord and proclaim Him passionately to the whole world.

Is this what advent is then? A building pressure to put reality on hold for a while, and to just Have a Good Time?

Brightest and Best is a collection of advent devotions that point to the comfort that God has promised: the coming of Jesus. Philippa Wilson communicates joyful, uplifting, and glorious Christmas truths in fresh ways.

Title: Teaching Leviticus: From Text to Message

 Price: £12.99\*  
 Product Code: 9781527108998  
 Format: Paperback  
 Genre: Bible Studies

The book of Leviticus remains a mystery to many Christians, which is a great pity, for Leviticus is not only theologically rich, but also essential for grasping the full-orbed message of the gospel.

The book's central concern is clear: preparing people to live near Yahweh's presence and survive the encounter; yet the message of Leviticus remains one of grace. It is God who desires to live with his people, and it is God who provides means and instructions to make such an arrangement possible.

Geoffrey Harper's guide to this complex but crucial book will be helpful to small group leaders and preachers who want to teach Leviticus but are unsure where to start.

This series is designed to help the pastor/preacher, a small group leader or a youth worker teach their way through a Biblical book. It will help you in planning and executing a lesson advising on background, structure, key points and application.

Have you ever wanted to travel the world? Perhaps you'd like to visit far away countries and discover all about the people who live there? What if instead, you'd like to have adventures closer to home? Well this book is for you!

Meet some very adventurous missionaries and learn about the countries they worked in. Find out what it's like to be in the middle of the Mau Mau rebellion in Africa or how orphanages in India present difficulties you would never imagine.

Find out how difficult it can be talking to people about Jesus in London or how looking after children in China is completely different, and exhausting!

Gladys Aylward, Jim Elliot, Amy Carmichael, William Carey, Lottie Moon, and others all knew what it was like to work in a foreign country. Charles Spurgeon and Chief White Feather were missionaries in their native lands – but they had troubles too.

Here is danger, adventure and excitement – all through working for God. Here are stories about people from the beginning of modern-day missions up to the present day.

At the end of the book are some check-up questions to help you remember the stories.

## Description

Perhaps you still remember the moment, the time of day, the look in the other person’s eye, when you were deeply hurt by someone you trusted. And since then your life has been put on hold, sabotaged by harboured resentment, dreams of revenge, or perhaps indifference and numbness. Or it may be just the “stuff” of every day life and relationships that has left you with a knot in your stomach and a dull ache in your heart.

There are no magic words or secret formulas for forgiveness. But there are biblical principles that can help you break free from bitterness and pain.

In *Choosing Forgiveness*, celebrated teacher Nancy DeMoss Wolgemuth delves into God’s word to uncover the promises and expose the myths of forgiveness.

Discover specific strategies for putting God’s grace and mercy into practice, forgiving others as God has forgiven you. Break free: choose forgiveness.

## Description

“Many, if not most, Christians begin with the wrong question of who they should vote for rather than the more important question of how they should vote. Asking the correct question is fundamental to knowing how to arrive at the correct answer.”

Scriptural principles exist for both our personal and our political quandaries. We should be willing to dig deep to find them and move away from voting based on tradition or mere preferences.

Dr. Tony Evans takes on foundational questions of a Christian approach to politics, like:

- What does the Bible say about the role and responsibilities of government?
- How can we be salt and light when our political systems fail us?
- Should we submit to candidates we didn't vote for?
- What if we don't know whom to choose, or worse--what if there is no good choice?

Evans won't pressure you to check this box or that, but he will equip you with solid biblical principles that will challenge you to vote with a “kingdom perspective”--informed, compassionate, and aware of Who is really in charge.

## About the Author

DR. TONY EVANS is the founder and senior pastor of Oak Cliff Bible Fellowship in Dallas, founder and president of The Urban Alternative, former chaplain of the NFL's Dallas Cowboys, and present chaplain of the NBA's Dallas Mavericks. His radio broadcast, The Alternative with Dr. Tony Evans, can be heard on over 1,200 US radio outlets daily and in more than 130 countries.

Would you like to improve the emotional intelligence of your kids?

Signals offers a simple, relational approach to help you become aware of your emotions, their impact on others, and how to implement this technique in your home, school, or ministry. While we can't see the brain, it sends signals to us and those around us. Just as the colours of a traffic light send drivers a signal to go, slow down, or stop, our brains signal to our emotions and affect our behaviour toward others.

In *Signals*, Cherilyn Orr introduces a common language and imagery to help everyone manage their emotions. Rooted in neuroscience and the Bible, this approach has been used around the world because it spans across all cultural contexts. Learn how to read these signals, become more aware of your emotions as well as your child's, and understand how to respond based on the signal sent.

For parents and educators, this approach is an easy-to-understand way to evaluate what's going on with your child, mentally and emotionally, at any given moment to determine an appropriate response. Signals is also useful for kids with special needs, including those with autism. Applying the technique can transform the relationships you have with your kids and set them on a lifelong trajectory of ever-increasing emotional intelligence.

## About the Author

CHERYLYN ORR has given her life to working with children and families. The Stoplight Approach ([www.thestoplightapproach.org](http://www.thestoplightapproach.org)) that she developed is based on the latest research in brain science as well as her years of experience as a teacher (early childhood, primary, special needs), as a mum to 7 children, and as a foster mum.

Her practical, simple, hands-on approach to understanding the emotional health and relational needs of children has helped hundreds of parents, caregivers, and teachers build strong, healthy relationships with their children and their students.

## Description

Following Jesus has never been harder. In a culture that glamorizes sex, chases fame, and shames those who don't fall in line, it takes a rebel to be a Christian.

In this book, Sean McDowell aims to encourage and inspire a generation of rebels who will dare to stand up to the madness in a just and loving manner.

*A Rebel's Manifesto* offers clear guidance to help people navigate the many moral issues that plague this generation. Students today are oriented toward action on ethical issues, and Sean will not only help them think biblically about various ethical issues, but he will also offer practical steps to make a positive difference in this world. In this book, Sean covers

- navigating bullying and social media;
- handling loneliness, pornography, and sex;
- approaching various conversations around climate change, race, and other controversial issues; and
- articulating and defending biblical views at school, online, and with friends.

Life doesn't need to devolve into an online shouting match. Sean proposes a better way: to live a life calmly and confidently grounded in biblical truth.

Frederick, Paulette, and McKinley Baldwin have always been a family of “onlys” in their town of Hickory Grove, North Carolina. An only son . . . married to an only daughter . . . blessed with a one and only child, McKinley. Paulette is determined her son will want for nothing, least of all a mother’s love and attention—which her own skin colour cost her as a child. But all her striving leaves her husband on the outside looking in. Frederick still struggles with the theft of his grandpa’s land all those years ago, and he aims to get it back, no matter what it takes.

As the Baldwins dredge up the past, they discover that their history is only skin-deep, while their faith takes them right to the heart of things. And it’s there they must learn to temper justice with mercy—and that God’s love is the only family tie that binds.

Detective Danni Grace has never met a police officer who wants to face a scenario where pulling the trigger on another person is the only option.

When the worst does occur and there’s a police-involved shooting, it leads to riots and calls to disband the entire police force in La Rosa, Danni’s hometown. After fifteen years on the force, Danni has had enough. Injured in the line of duty when a protester throws a chunk of concrete at her and shaken by the vitriol being shown to the police, Danni realizes for the first time that she’s lost her passion for the job.

While she’s on a leave of absence, though, a community activist in La Rosa is shot and a fellow officer is blamed for his murder. Taking on this case Danni will need to tap into her code of courage to uncover the truth, prevent another injustice, and uphold her oath to serve and protect.

After losing her mother, Cassidy Quinn spent her childhood summers with her gran, Helen, at her farmhouse. Nourished by her grandmother’s love and encouragement, Cassidy discovers a passion that she hopes will bloom into a career.

But after Helen passes, Cassidy learns that her home and garden have fallen into serious disrepair.

As she and Grace dig into the past, they unearth their grandmothers’ long-held secret and more. Each startling revelation reshapes their understanding of their grandmothers and ultimately inspires the courage to take risks and make changes to own their lives.

Set in both modern-day and midcentury Whidbey Island, Washington, this dual-narrative story of four women--grandmothers and granddaughters--intertwines across generations to explore the secrets we keep, the love we pass down, and the heirlooms we inherit from a well-lived life.

Title: Missions Disrupted: From Professional Missionaries to Missional Professionals  
 Author: Larry W. Sharp  
 Price: £19.99\*  
 Product Code: 9781496471598  
 Format: Paperback  
 Genre: Missions  
 Distribution: UK & Europe

Most everything in the world has changed since the age of the “Greatest Missionary Generation,” which was an outpouring of missionaries following World War II that lasted until around 1985. Today, however, missionaries are no longer welcomed in most of the world, and Christian terms like evangelism, church planting, conversion, and missions are considered pejorative outside of the Western world.

Author and former missionary Larry Sharp believes that the era of “professional missions” as we’ve known it is coming to an end. But since God still seeks to redeem his world, the future lies now with “missional professionals,” with a new set of rules for how the gospel of Jesus Christ can be proclaimed.

Since the first century AD, there have been historical events—such the persecution of the early church, the Edict of Milan, and the Protestant Reformation—where major disruption resulted in the radical advance of the gospel. We are on the cusp of another disruptive innovation.

Through real-life narratives of international workplace professionals who have successfully integrated their faith with their work, Missions Disrupted describes how this new work of missions looks today. These inspiring stories come from the world of agriculture, manufacturing, medicine, information technology, education, engineering, music, and retail. It is up to the next generations to continue to share the Good News with the world, wherever and however that may be.

God commanded Moses and the children of Israel to observe feasts and holy days as memorials to the great things that he had done in their lives. Understanding these times of celebration are important to help us better see God’s complete picture and plan of redemption.

In *Rose Guide to the Feasts, Festivals and Fasts of the Bible* Dr. Paul Wright explores the celebrations, festivals, observances, and feasts kept by ancient Israel in the time of the Old Testament—including their historical and biblical background and how they developed during biblical times.

Rabbi Moshe Silberschein looks at the ways the festivals and holy days of ancient Israel were celebrated during the intertestamental, Second Temple, and early Rabbinic Periods, including the ways that Jesus and the writers of the Gospels celebrated.

Educator Ophir Yarden describes ways Jews keep the biblical feasts today, focusing on traditions most common in North America and Israel.

Pastor Steven Lancaster looks at how and why the festivals and holy days of ancient Israel and early Judaism are celebrated by the variety of Messianic believers today.

Rev. Heidi Kinner presents ways the early Church interpreted the feasts of the Bible to inform Christian celebrations about the life and work of Jesus.

## Description

Alex is angry. During practice before the big game, his teammate Emma won't pass him the ball—and then she has the nerve to pass it to Sam!

Thankfully, Coach Ryan understands plenty about anger. When Alex reveals his irritation in an unhealthy way, Coach Ryan has biblical tools and wisdom that will help Alex calm his anger and identify the underlying emotion beneath it so he can rejoin the team.

Psychologists have long labeled anger a “secondary emotion.” It’s there to cover up other negative feelings such as sadness, betrayal, and embarrassment. Dr. Josh and Christi Straub want children to understand that being angry is not a bad thing: we can express our anger in healthy ways, and we can use it to help us figure out what we’re struggling with deep down.

*What Do I Do with Anger?* models this approach to anger in a fun and relatable way for children, ages 4–8.

## About the Author

Josh and Christi Straub are speakers, authors, and marriage and leadership coaches. Together, they lead *Famous at Home*, an organization equipping families and leaders to be famous at home, so they can thrive on their stage.

Both Fellows of the Townsend Institute for Leadership and Counselling, together they host the weekly Famous at Home podcast, write children’s books including ‘What Am I Feeling?’, ‘What Do I Do with Worry?’, and ‘25 Days of the Christmas Story’, and cohost Sex, Love, and Relationships on the Hillsong Channel.

*"Let the word of Christ dwell in you richly." --Colossians 3:16a*

Many of us want God's Word to dwell richly in us, but life can get in the way.

We'd never intentionally write chapters of confusion, failure, loss, pain, conflict, or suffering into our stories. No one plans to wrestle with her identity in Christ, to struggle to love her husband, to feel lonely in ministry, or to feel helpless in motherhood. Yet we often find ourselves in these seasons, struggling to embrace the gospel hope we need to fill our discouraged souls.

Join Ruth Chou Simons in this 7-session study of the book of Colossians as she leads us through a practice of preaching gospel truth to ourselves by studying Paul's example. In every changing season of life, we can rest in God's character, rehearse our identity in Christ, respond in faith, and remember God's provision for us. In today's culture, there's no shortage of self help, easy fixes, and worldly advice, but only the truth of God's Word was meant to fill you up and satisfy you fully.

While often overlooked, the book of Jude remains as relevant today as the time it was written. God has commanded His beloved church to do the necessary work of contending for the faith in a world of unbelief, and as we do, He will keep us from falling into the same deception.

While it may sound simple, the book of Isaiah teaches us the life-changing truth that following God isn't about our own effort; it's about trusting God. Period. Maybe you even know this on some level, but do you live like you really believe it?

As you study the chapters Isaiah wrote--from his challenging words to the nation of Israel to his prophecies of the Messiah to come--learn to rest in God's promises and grow in trust. Unpacking Isaiah's words will reveal that you can trust God more than your own human effort or the counterfeits the world suggests. You won't be striving harder, but instead trusting more deeply the Faithful One who is so worthy of our utter dependence. In Him you'll find the comfort and peace you need to sustain you.

In this 7-session study, author Melissa Spoelstra encourages you to let go of striving and learn to trust God's character, His comfort, and even His correction.

As you study the book of Isaiah, you'll see again and again that trust is the heartbeat of your relationship with God.

If Jesus had a photo album of his family, you might be surprised at the people who would show up in it. He could show you pictures of heroes and villains. Some were cruel, some were deceitful, and some faithfully followed God in a story that was wilder than they could ever imagine.

This book spans from Abraham to the earthly parents of Jesus Himself--Mary and Joseph. In it, you'll see the overarching picture of God's plan. You'll trace His hand in the good times and the bad. And you'll give praise to our Lord for the perfectly imperfect family God used to bring us His one and only Son.

## Description

Humanity's diverse nationalities, ethnicities, and races were intended to be a blessing from God. However, due to sin and rebellion, these differences often result in alienation, hatred, and even violence, becoming one of the most urgent problems facing the world.

Cultural divisions are unfortunately common in the church, too. How can Christians embrace God's purposes for diversity and experience renewal and unity as his people?

Steven Bryan presents a biblical framework for thinking about cultural identity and experiencing cultural diversity as a positive good that God intended. Writing from more than 20 years of experience in cross-cultural mission work in Ethiopia, Bryan examines historical and political aspects of nationality, ethnicity, and race.

This practical examination of cultural ideologies including multiculturalism, nationalism, and intersectionality helps readers move from asking, Who am I? to Who are we? as God's people.

## About the Author

Steven M. Bryan (PhD, Cambridge University) is professor of New Testament at Trinity Evangelical Divinity School.

He also served as a theological educator in Ethiopia for more than twenty years and as director of SIM Ethiopia for six years.

## Description

For many people, their job is merely “the daily grind” needed to provide for family or pay the bills. Yet our work is a vital means for fulfilling God’s purpose for our lives and displaying his grace to those around us. We bear God’s image in our workplaces, experiencing his blessings and expressing his nature through our efforts, integrity, creativity, generosity, and excellence. No earthly chore is without the opportunity to observe his divine hand. No challenge in task or relationship is without opportunity to represent God’s heart.

In this book, author and pastor Bryan Chapell shares this biblical perspective of vocation, explaining how God gives purpose to our work by making it an instrument of his grace to our own hearts, as well as a way of bringing his goodness and glory into our world. Chapell explains how we can worship God by our work, rising above drudgery, duty, or self-interest with the understanding that our jobs are unique callings for displaying God’s character and care. Our work is worship when we see the glory beyond the grind, the mission in the mundane, and the grace at work.

- *Ideal for Christians in the Workplace:* Contains encouragement for those looking for purpose in their jobs
- *Biblically Grounded:* Chapell teaches how the gospel blesses attitudes and responsibilities relating to success, creativity, money, integrity, leadership, and even sin in the workplace
- *Kingdom Minded:* Explains vocation in light of the grace Christ provides to and through his people for blessing our world and bringing him glory

## About the Author

Bryan Chapell is a bestselling author of many books, including *Christ-Centered Preaching* and *Holiness by Grace*.

He is pastor emeritus of the historic Grace Presbyterian Church in Peoria, Illinois, president emeritus of Covenant Theological Seminary, and president of Unlimited Grace Media ([unlimitedgrace.com](http://unlimitedgrace.com)), which broadcasts daily messages of gospel hope in many nations.

There are many themes that flow through and unite the entirety of Scripture, and in his latest book, scholar Vern S. Poythress explores the relationship between God and truth.

In Truth, Theology, and Perspective, Poythress explains how truth informs and confirms what the Bible teaches.

In addition to a theology of objective truth, he explains how it is interwoven through each of the major topics in systematic theology, such as revelation, the Bible, man, Christ, salvation, and eschatology. This perspective highlights how the interconnectedness and harmony of Scripture is an extension of God's own truthfulness and how this attribute is manifested in all of creation, prompting us to greater worship and gratitude to God.

Many prominent Christians insist that the church must yield to contemporary evolutionary theory and therefore modify traditional biblical ideas about the creation of life.

They argue that God used—albeit in an undetectable way—evolutionary mechanisms to produce all forms of life.

Featuring two dozen highly credentialed scientists, philosophers, and theologians from Europe and North America, this volume contests this proposal, documenting evidential, logical, and theological problems with theistic evolution—making it the most comprehensive critique of theistic evolution yet produced.

 Author: Michael Niebauer  
 Price: £26.50\*

 Format: Paperback  
 Genre: Missions  
 Distribution: UK & Europe

Christians who are engaged in missions regularly face ethical challenges. But the approaches and standards of modern missions often further complicate, rather than alleviate, matters.

Modern missiology debates what actions constitute mission work, how to measure growth, and the difference between persuasion and coercion.

In *Virtuous Persuasion*, Michael Niebauer casts a holistic vision for Christian mission that is rooted in theological ethics and moral philosophy. Niebauer proposes a theology of mission grounded in virtue. Becoming a skilled missionary is more about following Christ than mastering techniques. Christian mission is best understood as specific activities that develop virtue in its practitioners and move them toward their ultimate goal of partaking in the glory of God.

Pastors and scholars today lament the Old Testament's neglect in the West. But this is nothing new. In the eighteenth century, natural philosopher John Hutchinson witnessed the Old Testament becoming devalued as Scripture. And in his mind, the blame lay with Isaac Newton.

In *The Quest to Save the Old Testament*, David Ney traces the battle over Scripture during the Enlightenment period.

For Hutchinson, critical scholarship's enchantment with the naturalism of Newton undermined the study of the Old Testament. As cultural forces reshaped biblical interpretation, Hutchinson spawned a movement that sought, above all, to reclaim the Old Testament as Christian Scripture.

*The Quest to Save the Old Testament* is a timely retelling of fateful and faithful attempts to save the Old Testament.

Jonathan Edwards and Karl Barth are widely considered to be the greatest North American and Swiss theologians, respectively. Though situated in vastly different contexts and separated by nearly two hundred years, they shared intriguing similarities. Both employed exegesis, theology, and philosophy with ease. Both reasoned with unique quality, depth, and timelessness. Both resisted liberal shifts of their day while remaining creative thinkers. And both were Reformed without uncritically assuming the tradition.

Edited by Uche Anizor and Kyle Strobel, *Reformed Dogmatics in Dialogue* engages Edwards and Barth for constructive dogmatics. Each chapter brings these theologians into conversation on classic theological categories, such as the doctrine of God, atonement, and ecclesiology, as well as topics of particular interest to both, such as aesthetics and philosophy.

The congregational issues that are addressed in the letter to Titus transcend culture and are common to congregations in any state of development.

Every congregation faces the challenges of organizing or reorganizing their structure; appointing qualified leaders; and internal theological or personal divisions.

The letter to Titus also emphasizes the importance of sound doctrine that is modelled and taught by trained and qualified leaders.

The purpose of this commentary on the letter to Titus is to examine these issues in their Jewish cultural context.

The Book of Acts describes a tumultuous time in biblical history, especially for Jews. Caught in the political chaos of the house of Herod, the challenges of Roman rule over Judea and the sectarian battles within Judaism, this first century writer (Luke) documents the rise of an intriguing movement of Jews who embraced Yeshua/Jesus as the promised Messiah and describes what they had to deal with.

He also presents the connection between the Jewish first followers of Yeshua and the much larger Gentile world, out of which came many of the congregations formed in the first century to which Rav Shaul (Paul) wrote letters, making up most of the B'rit Hadashah (New Testament).

Who was Luke? Was he a Jew or non-Jew?

Rabbi Kasdan presents this information so people can make an informed decision

National tensions are at a record high. People on all points in the political spectrum care deeply about their country, although they differ wildly in their opinions about what it looks like to serve that country well.

As Christians, we love God and seek to follow him.

At the same time, nothing shapes us and tugs at our loyalties quite like the place we live. And of course we are regularly encouraged to pledge our allegiance to our country—or particular understandings of it. Who wins when the priorities of God and our country clash?

In *Kingdom and Country*, a collection of leading Christian thinkers and practitioners take a holistic approach to considering the questions of patriotism, nationalism, and where our ultimate loyalties must lie.

Church renewal always happens from the margins, never from the centre. Church renewal burns with fiery passion among the LatinX pueblos and barrios, and this energy in Latin America can be harnessed to reform doctrine, worship, and the core purpose of Methodists.

Emil Brunner said that “the church exists by mission as fire exists by burning.” At times, this fire has burned brightly and served as a light to the nations. Sometimes it has been mishandled and caused harm, and still at other times, it seems to dwindle to a few embers.

The flame of church renewal burns brightly among many poor and marginalized followers of Christ. The Holy Spirit, like the wind, blows where it will, but some places are windier than others. Social peripheries are particularly windy places.

This book tests whether renewal of doctrine, worship, and mission can happen by looking to the experience of Methodists in LatinX and Latin American ecclesial contexts.

## Description

Are we prepared for the glory and shaking that's coming? What does it mean to truly fear the Lord? When God gives us clues that He is going to send His glory, how can we prepare and position ourselves?

In *The Spirit and the Bride Say "Come!"*, revival leader Carol Arnott shares two prophetic dreams that God gave her. In these dreams, the fear of God came to rest upon the Church, bringing with it new levels of glory, miracles, and outpouring! Carol believes these dreams were invitations of preparation—divine directives from a loving Father for the bride to make herself ready for Jesus' second coming and the great and final outpouring of the Spirit.

This is a fresh invitation for all believers to approach God's Mercy Seat; to repent and receive cleansing and forgiveness so that we can prepare ourselves to carry the weight of the coming glory. As Carol shares the details of her powerful dream, you will discover...

- Why purity is necessary to receive the fullness of God's promises
- How God trains and positions our hearts through small acts of obedience
- The joy and cleansing that come with repentance and holiness
- How God's "greater glory" is connected to holy fear and awe

## About the Author

Carol Arnott and her husband, John, are the founding pastors of Catch the Fire--formerly known as the Toronto Airport Christian Fellowship--and overseers of the *Catch The Fire Partners* network of churches.

As international speakers, John and Carol have become known for their ministry of revival in the context of the Father's saving and restoring love. As the Holy Spirit moves with signs and wonders, they have seen millions of lives touched and changed through God's power and Christ's love.
