# The Libyan Diversion

Joel C. Rosenberg

A Marcus Ryker Novel

## Description

From New York Times, USA Today, and Publishers Weekly bestselling author Joel C. Rosenberg comes the fifth military and international political thriller in the Marcus Ryker series. The world's most wanted terrorist is dead. Marcus Ryker recommended the drone strike himself. The intelligence was rock-solid. But what if it was wrong? Abu Nakba—the man responsible for lethal attacks in Washington, D.C., London, and Jerusalem—is finally dead. Marcus Ryker has been tasked with hunting down and destroying what's left of the terror group Kairos. But before Ryker can mobilize his team of CIA operatives with their new assignment, a disturbing report from Libya suggests all may not be as it seems. The U.S. bombing that should have taken out Nakba's headquarters now appears to have been a disastrous mistake—and Ryker himself may be responsible. With Kairos gearing up for a major retaliatory strike against the U.S., time is short, and terror cells may already be inside American borders. But Ryker won't be able to stop this threat until he clears his own name, and his closest ally inside the White House can no longer help him. The Libyan diversion threatens to leave Ryker on the sidelines just when his country needs him most. Packed with action and intrigue, this thriller novel is everything Joel's fans have come to expect.

# Christ and the Culture Wars

Benjamin Chang

## Speaking for Jesus in a World of Identity Politics

### Description

A call to engage with the identity politics of our world, and reframe the way we spread the Christian gospel.

In our modern world the gospel of Jesus is seen by many less as good news for all humanity, and more as the bigoted edicts of a bygone era. Benjamin Chang explores the stories of the revolution, tracing the trajectories of four of the biggest social justice movements – feminism, racial justice, gay pride and the trans movement – before looking at the ways Christians usually engage with these arenas of cultural conflict (mirror, argue, ignore) and identifying a better way forward.

Rather than hunkering down in our own identity tribes, arguing against other groups, or ignoring what is going on in the culture around us, Chang encourages Christians to find ways to speak for Jesus. He urges us to look at the way we tell stories, and consider whether we can re-capture hearts in our culture by telling a more powerful counter-narrative. He gives us language to use to speak about the cross in our world of identity politics. We will see that the gospel resonates with a culture when it speaks the language of the culture.

### About the Author

Ben Chang is a speaker and writer, as well as working full-time in the health sector. He speaks regularly at conferences, universities and churches on a range of issues including medical ethics, mental health, identity politics and cultural engagement. # Jonathan Edwards and the Christian Pilgrim

Deborah Howard

## Our Journey Towards Heaven

### Description

Wisdom from Jonathan Edwards on the journey towards death, with application for modern life.

Death is inevitable. Whether we're facing the death of a loved one, or our own passing from this world to the next, we cannot avoid it. Death is something we never get used to. But it is something that we can get ready for.

Deborah Howard has taken Jonathan Edwards' intensely encouraging sermon on the Christian Pilgrim and, drawing on her own experiences as a hospice nurse, has written this book to encourage us to live with our final destination in mind.

Focussing on scripture truth, the reader is encouraged to think about the journey that leads us towards our final destination. How are we spending our lives, as we live in the light of eternity? This combination of classic sermon and modern application makes this book an essential addition to any Christian's bookshelf.

### About the Author

Deborah Howard lives and writes from her home outside Little Rock, Arkansas. Her books are designed to come alongside those who are suffering and point them to the comfort only God can provide. A self-proclaimed "sovereignty-of-God-girl," Deborah's love for the Lord and His word is the motivation for everything she writes.

Have you heard of Spurgeon? Preacher, evangelist and stalwart patriarch of the Modern Western Church today. If the cliché 'behind every great man is a strong woman', is true, then Susannah Spurgeon remains one of the matriarchs of the same tradition.

Mary Mohler has gathered information on Susie from sources spanning letters, devotionals and biographies. The result is a thoughtful, sympathetic and endearing epitaph to a sister in Christ, whose voice can no longer be ignored. Mohler allows room for academics, mothers, daughters and wives to dwell on Spurgeon's joyful eagerness in Christ.

John C. Lennox

## Biblical Principles for Work, Wealth and Wisdom

### Description

The world of work is expanding. New technologies, industries and means of meeting apart-and-still-together, have presided in the transition of the workplace into a fast, digital and busier-than-ever era.

In whichever sector you care to name, work is increasing exponentially, for reducing rewards and benefits. It is more than easy to complain, drag one's feet while getting out of the door, and face daily tasks with an apathetic attitude.

*A Good Return* does not provide maxims to get you through the day. Instead, is a book that encourages Christians to view their workspace, be it field, car, classroom or office, as an avenue of worship.

John C. Lennox has crafted a book with thoughtful, biblical and evangelical deliberation on our behaviour in, and towards, our work. With his trademark clarity, faithfulness and wisdom, Lennox curates room for a wider discussion on Christian approaches toward salaries, time management, motivation and attitudes amidst a workspace environment.

### About the Author

Luke H. Davis – Reform

The Church at the Birth of Protestantism

## Description

Throughout the Christian lands of Europe, there was darkness. For many years, the clarity of God's grace given through Jesus Christ had dimmed. A system of human effort designed to achieve God's favour meant people were confused about Scripture, salvation, and the purpose of life. But in those dark times, light dawned. Brave individuals challenged teachings that had drifted from Scripture. Martin Luther, John Calvin, and Thomas Cranmer led movements of reformation in their nations, calling their followers to the clear teaching of the Bible, to Christ, to faith, to grace, to live to the glory of God. Others, such as Patrick Hamilton, William Tyndale, and Lady Jane Grey, sought to continue this enterprise, sometimes at the cost of their lives.

## About the Author

Luke Herron Davis is the author of the Cameron Ballack Mystery series, of which Litany of Secrets is the initial volume. He is also the author of the poetry book Through a Child's Eyes, a tribute to his late son. Luke H. Davis – Renewal

The Church that Expands Outwards

## Description

The Protestant Reformation had redrawn the map of the Christian world. Now the Church sought to take the hope of the Gospel where it had not been before. This book gives us a picture of the incredible energy and expansion of the Church throughout the world, and the people who led the way. Some took bold stands against wrongdoing and injustice. John Owen, John Bunyan, and David Brainerd suffered well as they faithfully shared the goodness of Christ. Great preachers arose – Jonathan Edwards, George Whitefield, and Charles Spurgeon, all of whom communicated the Gospel with clarity and passion. Missionaries like Hudson Taylor, and Dwight Moody offered hope in Christ.

# Do Not Be True to Yourself

Kevin DeYoung

## Counter-cultural Advice for the Rest of Your Life

### Description

Most speeches addressed to high school and college students follow a similar theme: march to the beat of your own drum. This may sound encouraging on the surface, but Scripture exhorts believers to submit their lives to the will of God, not their own desires. Christian students need gospel-centred truth to guide them on their journey toward independence.

In this collection of inspiring sermons and graduation speeches, Kevin DeYoung delivers a motivational, biblical call to young people: serve God faithfully—and if necessary, counter-culturally—in the next season of your life.

*Do Not Be True to Yourself* includes practical advice for cultivating a Christ-centred worldview in every area of adult life, including relationships, work, church participation, and spiritual growth, making it a transformational resource for mentoring students. • Concise, Engaging Chapters of Counter-Cultural Advice: Christ-centered guidance that includes developing spiritual habits, prioritizing church attendance, fighting sexual sin, and temptation, and making godly decisions.

### About the Author

Kevin DeYoung (PhD, University of Leicester) is the senior pastor at Christ Covenant Church in Matthews, North Carolina, and associate professor of systematic theology at Reformed Theological Seminary, Charlotte. Sinclair B. Ferguson

AVAILABLE MAY

## Living in Light of the Gospel

### Description

Written by Theologian Sinclair Ferguson, the second book in the Growing Gospel Integrity Series explores the Christian's call to Christlikeness.

While Jesus offers forgiveness for believers who sin, Scripture makes it clear that Christians are to pursue obedience and holiness. So what does it mean to walk in a manner that's "worthy of the gospel of Christ" (Phil. 1:27), and how should that look in the life of a Christ follower?

In this short, accessible guide, theologian Sinclair Ferguson explains the importance of living worthy of the gospel, why the principle is often forgotten, and how it's cultivated.

Clarifying the difference between biblical obedience and legalism, Ferguson exhorts believers to pursue Christlikeness, offering practical examples from Scripture.

The second book of the Growing Gospel Integrity series, *Worthy* helps Christians, students, pastors, and those preparing for ministry to live as citizens of heaven rather than citizens of the world.

### About the Author

Sinclair B. Ferguson (PhD, University of Aberdeen) is Chancellor's Professor of Systematic Theology at Reformed Theological Seminary and the former senior minister of the First Presbyterian Church in Columbia, South Carolina. ## A Parent's Guide to Grounding Identity in Christ

### Description

As kids grow up, they hear many conflicting messages about how they can define themselves. For example, they are told that they can define themselves by their achievements, popularity, sexuality, morality or gender, or by how they feel.

This warm, realistic and sympathetic book, written by father of three and founder of Faith in Kids, Ed Drew, provides much needed biblical help for parents on this topic. It shows parents how to encourage their kids to find their identity in the fact that they are made and loved by Jesus, and it explores the implications and applications of this truth.

Whether they are happy or anxious, whether they have messed up or achieved great things, children will gain a positive and realistic view of themselves, based on God's amazing love for them, giving them confidence to live by faith in a secular world.

The foundational principles in this book mean it is ideal to read in advance of or during the early stages of parenting, but it is a useful resource at any stage of a child's life.

### About the Author

Ed is Director of Faith in Kids, resourcing children's ministry in the local church. For 12 years he was the Children's Worker at Dundonald Church, SW London.

# Do. Manage. Lead.

Nigel Argall

## Essential Bible-Based Tools for Leaders

### Description

When the vice-president of a multibillion-dollar company said, *“At times it feels like I live in two worlds – the world of work and my world of faith”*, Nigel Argall knew that this was an issue many faced. Yet the truth is that our faith has the capability to elevate our leadership.

How does your Christian faith impact your leadership?

Every effective leader needs a robust toolbox. Our actions and decisions as we *Do, Manage and Lead* have a wide-ranging impact, so it is essential to have the right tools to use in each of these areas. But the perceived divide between ‘the sacred and the secular’ can mean that we miss out on what gives our toolbox its cutting edge.

In this book, Argall provides an opportunity and a framework for unpacking pertinent theory, seeking biblical wisdom and discovering valuable, practical actions to take.

### About the Author

Nigel Argall has 40 years experience of leading organisations, secular work and ministry and loves to bring those worlds together, valuing diverse thinking, insights and perspectives.

## Finding the Better Story

### Description

Have you ever stood in front of an ocean wave, put your hand out in front of you, and said, “Stop, wave!”? That would be ridiculous! . . . But have you ever tried the same approach with your anxiety? “Stop, anxiety!” It probably hasn’t worked either.

Liz gets it. As a teenager, she was stressed out and trying to survive her anxiety each day. Now that she’s a mental health counsellor, she wants to pass on what she’s learned to other teenagers. Just understanding what anxiety is makes a big difference, but what makes an even bigger difference is understanding what God has to say about it.

With daily Scripture readings, breathing exercises, and additional mental-health resources, this little book offers you comfort and help in your anxiety.

See how your anxiety fits into the big story of your life—and of the whole universe—and learn how Jesus can bring you peace.

## An Honest Discussion about the Retirement Lie and How to Live a Future Worthy of Dreams

### Description

Enjoy having 10 powerful disciplines and practical applications you can easily use to break free of an unfulfilling retirement and step forward into a new, remarkably fulfilling season—regardless of how you've defined “work.” Afterwork is a healthy and hopeful approach to retirement—and it may be different than conventional wisdom.

Our society declares that a self-focused, uber-comfortable, and vacation-minded retirement is what we want. That retirement is mostly a financial problem to be solved. What could possibly go wrong with double the free time and less structure in your life? But, this is where we go wrong. The retirement lie says that a successful retirement is an endless vacation based on financial security, but this way of thinking is a down payment toward purposelessness and disappointment. Afterwork:

The afterwork mindset and its disciplines are applicable to anyone. Preparing for and living well through these tectonic shifts requires serious reflection, intentional thinking and healthy mindsets. That's afterwork, and its quest for you is to thrive in the most impactful, purposeful season of your life, whether you're 45 or 75.

Insight and Inspiration to Draw You Closer to Him

How can we know God's will if we don't pray His prayer?

After reading this book, you will understand the intricacies of the Lord's Prayer and how it was designed to powerfully affect your relationship with the heavenly Father.

With remarkable insight, wisdom, and depth, respected theologian R. T. Kendall uncovers the transforming truths contained within each line of this familiar prayer, including the following:

- Why we should pray at all

This book will give readers not only a model for prayer but also a revolutionary way to pray effectively while drawing closer to the Father.
